## ROBERT L. HENRY OPENS CAMPAIGN FOR SENATORSHIP

WACO CONGRESSMAN MEETS ENTHUSIASTIC RECEPTION AT MOODY, WHERE HE MADE FIRST SPEECH IN INITIAL RACE FOR CONGRESS 20 YEARS AGO.

## DECLARES HAS KEPT PROMISES

Takes Stand Against State-Wide and Nation-Wide Prohibition and Urges System of Rural Credits to Be Worked Out Through Federal Land Banks. Improvement Texas Rivers Favored.

Special to the Morning News.

Moody, April 4.—To the largest and most enthusiastic crowd ever gathered in Moody, Congressman Robert L. Henry of Waco this afternoon formally opened his campaign for United States senator. For twenty years he has represented the Eleventh congressional district of Texas in Washington, and when he began his campaign for congress, twenty years ago, he made his first speech at Moody.

Moody proved a good place for him to start his congressional campaign and his friends were loud today in their claims

R. L. Henry.

that Moody was still his lucky starting place. Of course, as was to have been expected, Moody practically closed up and turned out in a mass for the speaking. But that was not all. From miles around on foot, in wagons, in buggies, by auto and by train, came hundreds of voters, many accompanied by their entire families, and every one of whom claimed "Bob" Henry as his or her personal friend.

## Tide Turns Toward French in Battle Around Verdun

Fourth Zeppelin Raid in as Many Nights Made Over England and Yarmouth Fortifications Attacked—England Declines to Release Men Taken From American Steamer China.

By the Associated Press.

An attempt by the Germans to press further south against the French in the region of Douaumont northeast of Verdun has met with repulse and considerable losses. In the same sector, north of the Caillotte Wood, the French have continued their progress in driving back the Germans.

The German attacks south of Douaumont were launched against the French first lines of defense, but the French raked the advancing Germans with their curtain of fire, machine guns and infantry fire, forcing them to retreat in disorder northwest toward the Chauffeur wood.

### TWO GERMAN ATTACKS BREAK DOWN.

An attack by the Germans on the town of Haucourt, northwest of Verdun, also failed, as likewise did an attempt to reach the French trenches near Zepoils in the Vosges mountains. Elsewhere along the western front there have been only reciprocal bombardments and some mining activity on the line held by the British.

On the Russian front the artillery activity of the Russians has increased, but in general no important changes in the positions of the Russians and Germans have taken place. The Austrians have occupied the border ridge between Lablatta and Monte Fumo, which was held by the Italians. Artillery duels are still in progress on the Dobro sector of the Col di Lana and in Giudicaria Alps.

## KANSAS CITY GOES REPUBLICAN

Democrats Score Heavily in Chicago Election—Illinois Municipalities Make Few Changes as to Local Option—Marlin Defeats Both Bond Issues and Bryan Chicken Ordinance.

Special to the Morning News.

Dallas, April 4.—With more than 1000 votes in doubt at midnight, it is believed that the amendment to the Dallas city charter providing for the abolition of the saloon in the State Fair grounds carried by a majority of more than 600 votes. It was generally conceded by friends and enemies of the amendment that in spite of a large uncounted vote the prohibition measure had won.

The charter amendment providing for the segregation of whites and blacks within the city limits carried by a majority of more than 2000 votes. Although the hottest contested measure in the entire election was the amendment providing for indeterminate franchises for public utilities and for the Cleveland service at cost plan for the traction company carried by a small margin.

The bond issue providing for a municipal electric light plant was in doubt at midnight. Many of those arrested in the city were released from jail, where they had been held on charges similar to those placed against the commissioners. The latter gained their liberty on writs of habeas corpus.

James O'Brien, arrested late in the afternoon on charges of illegal voting, said to have admitted that he had registered from three different places. An election fight took place in the ninth precinct of the eighth ward during the afternoon between John S. Cannon, an attorney widely known as a tennis player and an athlete, and Cassius J. Welch, justice of the peace. Cannon is a republican and Welch a democrat.

The new Russian war minister, General Chouvaieff, announced that all his efforts will be directed to provide the Russian army with sufficient equipment to win the war. He declared that the government was studying and fewer words and that reorganization in some departments is necessary.

Austria, following the example of Germany, has informed Holland that no Austro-Hungarian submarine was responsible for the sinking of the Dutch steamer Tubantia.

Turbulent Scenes Mark K. C. Election. By the Associated Press.

Kansas City, Mo., April 4.—George H. Edwards, republican, who elected mayor of Kansas City in today's election, Henry L. Jost, democratic candidate for reelection, conceded defeat when slightly more than half the city's 220 precincts gave Edwards 11,130 and Jost 8063.

The election was the most turbulent the city has witnessed in years and resulted in a day in the city in placing in the county jail James S. Lapsley and Col. Fred A. Lamb, police commissioners, on charges of contempt of court after city patrolmen had arrested more than 300 persons, all of whom were held at police headquarters for investigation.

The commissioners were remanded to jail by Judge Clarence A. Burney of the circuit court because they had ignored writs of habeas corpus that would have freed some of the persons arrested by the police. Previous to the arrest of the commissioners Capt. Thomas J. Flahive, acting chief of police during the suspension of Chief Hiram Hamill, ordered yesterday by the commissioners, had been released from jail, where he had been held on charges similar to those placed against the commissioners.

## VOLUNTEER PLAN HAS HARD SLEDDING FATE OF PROVISION IN DOUBT WHEN SENATE RECESSES WITHOUT VOTING.

Senator Borah Attacks Scheme to Federalize National Guard.

By the Associated Press.

Washington, April 4.—The fate of the federal volunteer plan of the senate army increase bill was in doubt today when the senate recessed after an all-day debate over an amendment by Senator Lee of Maryland to strike out the provision. At the last moment Chairman Chamberlain asked that the vote be deferred until tomorrow on account of the absence of a number of senators.

The only vote taken today was that which defeated an amendment offered by Senator Sterling of South Dakota, providing that the National Guard should be first called on for service by the federal government in the event of war, coming first after the regular army in order of precedence. There was no record. Senator Chamberlain pointed out that the law upon which the volunteer army proposal is founded already contained this stipulation.

In the course of the debate Senator Borah of Idaho attacked the scheme to federalize the National Guard as proposed in both the house and senate bills. He called attention to the fact that the effect of the proposed law would be to place the National Guard of the United States under the control of the federal government, which military commissions tried those accused of crime. He said, "guard on the federal payroll, he said, was extending dangerous encouragement to its use by state officials for purposes outside the civil law. He insisted that the effect of the proposed law was to federalize the police force of the state so far as payment went, without assuming federal control of its use."

Senator Reed, Missouri, Cummins, Iowa, and Curtis, Kansas, assailed the federal volunteer provisions which received support from Thomas, Colorado, Lodge and Weeks of Massachusetts. Mr. Weeks called attention to the bill now pending in the Massachusetts legislature providing that any organization of the state troops which votes to do so might transfer into the federal force to be organized by the state armories and other military property be loaned to the government with a constabulary system and not fall on the National Guard for that duty.

An amendment to the section suggested by Senator Clapp of Minnesota was accepted by Senator Chamberlain, providing that federal volunteers shall receive pay only for the time of actual service in training.

## Accomplice Gets Alleged Yeggman Away From Officers.

By the Associated Press.

Fort Smith, Ark., April 4.—Tom Moore, alleged safe blow, was released by authorities at Cushing, Okla., Monday to permit him to represent himself as a deputy sheriff from Madison county, Ark., but who now is believed to have been an accomplice of the Yeggman, it was said today by J. V. Bourland, United States district attorney.

Moore was arrested charged with having committed a \$10,000 robbery in the appearance in the United States district court at Harrison, Ark., to answer a charge of stealing petting funds which it is alleged Moore and several companions secured when they robbed a bank at Huntsville, Madison county, Ark., in 1912.

Cushing officials told Mr. Bourland that he had turned Moore over to a man who said he was W. P. Higgins and who had a commission deputy sheriff. Nothing has been seen or heard of Higgins since he was released from the Madison county court, which he does not know Higgins.

## Shell Contract Probe Voted Down.

By the Associated Press.

Ottawa, Ont., April 4.—The demand of Sir Wilfrid Laurier, opposition leader, for investigation by parliamentary committee of all purchases of munitions by the Canadian shell committee was voted down in the house of commons tonight. The government's majority was reduced to a charge of stealing petting funds which it is alleged Moore and several companions secured when they robbed a bank at Huntsville, Madison county, Ark., in 1912.

Cushing officials told Mr. Bourland that he had turned Moore over to a man who said he was W. P. Higgins and who had a commission deputy sheriff. Nothing has been seen or heard of Higgins since he was released from the Madison county court, which he does not know Higgins.

The vote was to have been taken a week ago, but when the government announced there would be no investigation except of the purchases made by G. W. Kyle, involving the Canadian shell committee, minister of militia Sir Sam Hughes, Col. J. Wesley Allison, E. R. Caldwell, W. F. Youniss and W. W. Bessick surprised the government's supporters.

The division was deferred as the government appointed two judges to conduct an investigation which will begin soon.

## Night and Day Bank Men Get New Trials.

By the Associated Press.

Memphis, Tenn., April 4.—Four of the officials of the All Night and Day bank of this city, who were sentenced to five years' imprisonment in the federal prison at Atlanta, will be given new trials, according to a decision handed down in Cincinnati today by the United States court of appeals, an announcement of which was received here.

Those affected by the decision were E. I. Hendry, former president of the All Night and Day bank of Memphis; H. C. Wynne, former president of similar named bank at Little Rock; Abner Davis, former president of an all night and day bank at Oklahoma City; and J. H. Brooks, former lumberman, Memphis and Little Rock and a former director of the Memphis bank. The defendants were liberated on appeal bonds.

## GEN. CECIL A. LYON DIES AT SHERMAN AFTER LONG ILLNESS

By the Associated Press.

Sherman, April 4.—Brigadier General Cecil A. Lyon, Texas National Guard, died at his home tonight. He had been critically ill for a long time and his death was not unexpected.

Cecil Andrew Lyon was born November 2, 1869, at Boston, Ga. At the time of his death he was vice president and general manager of the Hardeman County Irrigation company; a director in the Merchants and Planters' National bank of Sherman; president of the Lyon-Gray lumber company; a director in the Great Southern Life Insurance company, and one of the receivers of the International & Great Northern railroad. He became receiver of the road August 10, 1914, and since that time spent most of his time in Houston. During the time the Kirby Lumber company was in receivership, General Lyon was one of the receivers. He became a member of the Texas republican state executive committee in his twenty-first year, and from 1900 until the formation of the progressive party he was chairman of the committee. He was a member of the republican national committee from 1904 until the formation of the progressive party in 1912, when he became the Texas member of the progressive national committee. He was a delegate to the republican national convention of 1896 and 1900 and delegate at large in 1904 and 1908. He was a member of the loyal legion.

## Will Try to Prove Deadly Malaria Can Be Prevented.

By the Associated Press.

Little Rock, Ark., April 4.—Dr. C. W. Garrison, state health officer, announced today that five anti-malarial camps will be established in Arkansas by the United States public health service. The object is to demonstrate that the disease can be controlled and prevented. One camp will be at Crossett and the other four on plantations near Lake Village. Dr. R. H. Von Esch of the public health service and his assistants who are now at New Orleans will come to Arkansas at once to establish the camps.

## Germany Is Not Worried Over Holland.

By the Associated Press.

Berlin, April 4, by Wireles to Sayville.—"During the past few days," says the Overseas News Agency today, "the German newspapers have published dispatches from Holland regarding measures taken by the Dutch government to restrict the export of munitions. The reports are, however, restrained from comment upon the developments. In Monday's reviews, however, the papers appear to be freely into a discussion of the meaning and importance of the events in question. The tone of the comment in all cases is one of absolute calm. All the articles agree that the real cause of the steps taken by the Dutch government is not known, but that most certainly they are not directed against Germany."

In this connection the press expresses appreciation of the strict neutrality the Dutch government has maintained from the beginning of the war.

## REPORT IS MADE ON FLOOD CONTROL COMMITTEE OF CABINET MEMBERS SUGGESTS CONTINUING POLICY.

Comprehensive Scheme of River Development Urged on the Mississippi.

By the Associated Press.

Washington, April 4.—The report of the committee of three cabinet members who at the request of President Wilson drew up a plan for comprehensive flood control and river improvement submitted today by Senator Newlands. It suggests a continuing and definite policy to be carried out under direction of a waterways control commission headed by the president and to be paid for partly by the sale of national bonds. The scheme is expected to form the basis of a measure which will become a part of the administration legislative program as soon as details are agreed upon.

Secretaries Lane of the interior, Underhill of the agriculture, and Hedden of the commerce department, were on the cabinet committee. Their recommendations were submitted to the president in February after an extended investigation and conferences with various leaders in congress, but had never been made public in detail. The plan, however, has been under consideration to have the endorsement of the president and members of the house and senate who have led in the fight for a more comprehensive policy.

In presenting the report Senator Newlands, who has a bill pending for a permanent river development policy, read a letter from the president saying the recommendations were submitted for the information of congress.

The cabinet officials recommended that congress "commit itself to a comprehensive policy of river development, involving the expenditure over a long period of time of a large sum with sufficient appropriations immediately for continuing the work on the lower Mississippi, substantially in accordance with the plans of the Mississippi river commission." For carrying out such a policy, creation of a national waterways council composed of the president and the secretaries of war, interior, agriculture and commerce is recommended.

Such a council would work with a subordinate water control board made up of engineers and other qualified officials would have authority to consider and approve plans, distribute funds authorized by congress, and would report to congress.

"The expenditures for this work," says the report, "should in the main be met by sale of national bonds. The amount of such bonds should be a proportion of such expenditures submitted to congress as part of the plan for development."

## Fin's Only Jokes to Packers, Claim.

By the Associated Press.

Washington, April 4.—A former Kansas governor, W. R. Stubbs, and a former Missouri judge, W. H. Wall, who said they were learned by raising cattle themselves, that packers by price fixing combinations were crushing livestock growers, pleaded with a house judiciary subcommittee today to aid in inaugurating sweeping reforms in the packing industry. They appeared as counsel for western growers and feeders.

"Speaking on the Borland resolution before the subcommittee, which would order a federal trade commission inquiry to determine whether the packers are violating the anti-trust laws, they indorsed the proposed legislation and suggested making laws prohibiting the restraining of trade in foodstuffs generally more stringent. Jail sentences instead of fines were particularly urged.

"Fin's only jokes," Mr. Stubbs declared, "are not effective. The producers and the consumers pay the penalty."

Chinese Papers Pull Off Hoax. By the Associated Press.

San Francisco, April 4.—Reports emanating from Chinese sources here to the effect that the governor of Canton had been assassinated were said today to have come from a journalistic hoax. Two Chinese papers, according to the tale, found their cablegrams were being used by other vernacular sheets. They agreed to have a cable sent to their address from Hong Kong announcing the decease of the Canton official. It appeared exclusively in other papers, hereupon the conspirators dispatched their messenger boy to Hong Kong and proclaimed what they had done.

## TENTH CAVALRY SCATTERS BANDIT FORCE IN SECOND ENGAGEMENT IN MEXICO

By the Associated Press.

San Geronimo, Chihuahua, Mex., via Aeroplane to Colonia Dublan and by Wireles to Columbus, N. M., April 4.—Two hundred American cavalrymen under Col. W. C. Brown, Tenth cavalry, defeated an equal force of Villista forces in the second engagement of the campaign at Aguas Calientes, thirty miles north of Guerrero, on April 1. This report was brought to General Pershing today by two Mexican ranchmen, who said that the Mexican forces lost thirty men and forty horses, while the Americans suffered no casualties.

Villa was not with the band, according to the ranchmen, who asserted that the American troops believed at first they had encountered the bandit chieftain. An investigation showed that he had not been with the detachment. For hours the American cavalrymen followed Manuel Lopez, one of Villa's lieutenants, and his bandits through tortuous winding canons and almost impassable trails of the mountains. Believing that they had eluded their pursuers, the bandits relaxed their vigilance and before they realized it they were confronted by the troops of the Tenth cavalry.

Only the most meager details of the ensuing engagement were brought by the ranchmen, but in many respects it resembled that of a week ago at Guerrero. Immediately the bandits realized

the presence of the American troops they began a hurried disorganized flight from their camp, some seizing their ponies and others trying to make their escape on foot. They went singly and in small parties, all firing at the American troops as they fled. None took time to aim, the ranchmen said, and as a result none of the bullets found khaki-clad marks.

Officers here are inclined to believe that if thirty bandits were killed in the running fight, that at least as many more were wounded. It was asserted also that because of the nature of the engagement it is probable that some equipment, supplies and prisoners may have been captured. The ranchmen told General Pershing that the Villistas were fleeing in scattering bands of three to five men before the cavalrymen.

Reports reaching here indicated that the force encountered by the American cavalrymen was the largest detachment of the force defeated and scattered at Guerrero a week ago today by Colonel Dodd's command. These troops were said to have been in the vicinity of Bachinla Pass for several days.

Two American scouts reported to General Pershing that they had been fired on by Villista outposts last Friday within the environs of Bachinla and that they had returned the fire, but without result, so far as they knew. Two troops of cavalry were taken to the town to intercept the Villistas there after the command had fled.

## CARRANZA URGED TO GIVE SPECIFIC ORDERS TO GAVIRA

WASHINGTON TAKES STEPS TO OBTAIN IMMEDIATE COMMERCIAL USE OF MEXICAN RAILROADS BY AMERICAN EXPEDITION.

By the Associated Press.

Washington, April 4.—Coincident with the receipt tonight of news that American troops again had clashed with a force of Villa bandits near Chihuahua, it was learned at the state department that the United States renewed its representations to General Carranza regarding the shipment of supplies to General Pershing over the Mexican railroads. A dispatch sent Sunday instructed Special Agent John L. Rodgers at Queretaro to urge the head of the de facto government to fulfill immediately his promise given last week to permit commercial use of the railroads by the American expedition. It was also urged that orders to General Gavira at Juarez and other Mexican commanders in Chihuahua.

Every day it has been expected that General Funston would send his first shipment over the railroads to the army field headquarters, but from time to time action has been delayed on account of the absence of specific orders from Carranza to his subordinates.

With General Pershing's lines of communication constantly lengthening, as evidenced today by reports of the hunt for Villa extending further and further southward, and the announcement that additional troops had been sent into Mexico, the war department advised the state department that it was essential that arrangements for the use of the railroads be concluded at once.

## BERTANI INSISTS VILLAS WOUNDED AND STILL IN NORTH

LEADERS OF VILLISTA PLOT TO GET POSSESSION OF JUAREZ WILL BE SHOT TODAY—EL PASO SKEPTICAL OVER CHANCES FOR PERSHING'S SUCCESS.

By the Associated Press.

El Paso, April 4.—The news that the Villistas had suffered a second defeat at the hands of the American troops, this time at Aguas Calientes, thirty miles northeast of Guerrero, was received here tonight in a sober manner compared with the elation over the first blow struck by Colonel Chubb last Wednesday. The confirmation of the news that Villa himself is far to the south, approaching Parral, materially has lessened interest in the actual pursuit of the bandit and has diverted attention to the total number of the railroad problem which army officers here admit rapidly is becoming acute. There is frank skepticism in army circles here over General Pershing's ability to capture Villa. Mexico without the aid of the railroads. It is pointed out that the number of men required to guard the 300 miles or more of communication is out of all proportion to the total number of troops at General Pershing's disposal.

Even if General Funston is able to get the reinforcements he has asked for, the problem still will be a most serious one. Word is awaited from Washington as to the outcome of the negotiations pending with General Carranza, as it is felt that some solution must be found to the situation without any delay.

## Guerrero Battle Details Given by Man at the Front

Associated Press Correspondent With Pershing Tells of Pursuit of Fleeing Villista Forces—"Spare Nothing Except Horseshoes" Was Order Under Which Colonel Dodd Operated—Attack Came After Sunrise.

By the Associated Press.

At the Front in Mexico, March 31.—Villista Aeroplane and Motor Courier to Columbus, N. M., April 4.—The strategy whereby, after two weeks of pursuit the Villa band under General Pershing's command was overtaken by American troops and dispersed was revealed here today.

The plan was to send the American column in a straight line along "the string of the bow," while Villa was taking a longer route along the "are of the bow."

Coupled with this maneuver was a general order: "Spare nothing except horseshoes."

Under these instructions the cavalrymen, with Col. George A. Dodd's brigade in the van, pushed straight southward from the border through the Santa Maria river valley. Villa, meanwhile, after passing Casas Grandes and points south of the ridge of mountains, close to 5000 feet high and topped with huge, copper-green cliffs which border the river. In this swing to the east Villa's positions were difficult to locate. Sometimes it seemed sheer guess work. Nevertheless, the cavalry steadily hurried southward along the shorter line, trusting that

Rev. H. L. Munger, pastor of Morrow Street Methodist church, is doing the preaching in the revival at that church. He is well known in Waco as the "man who built the church in a day," some five years ago. During his four months of his pastorate here he has received eighty-three members into the church and raised a debt of several thousand dollars, which had been incurred by the congregation some time ago for a lot on the corner of Fifteenth and Morrow streets. Great interest is being manifested in the services now in progress and great good is being accomplished.

## Bag of Yellow Gold Proved Too Much for Negro Banker

Letters to his sweetheart were among the damaging clues that revealed the fact that a certain young negro man employed in the Farmers' Improvement bank (colored), on Bridge street, had taken \$485 in gold from the reserve of the institution. The money was taken during the recent absence of Robert L. Smith, president of the bank, and was located by Detective R. H. Hall in its leather bag under the floor of a barn yesterday. The money was in denominations of \$20, \$10 and \$5.

Beginning with no definite clue, Detective Hall began a process of elimination of the employees of the bank and finally settled on a young negro who worked in the printing establish-

ment maintained in the rear of the bank, and in the course of a few days worked his case up so clearly that when confronted with the evidence, the negro confessed. It seems that in the absence of the regular cashier, the negro employee attended to the cashier's window, and it is thought that the sack of gold proved too great a temptation for him. He put part of it into jewelry, some on bets at a ball game and part of it went to his sweetheart, the detective says, and it was in this connection that he caught his man. The negro exchanged some of the gold at a local bank. He has been turned over to the county authorities.

in Juarez tomorrow. The others concerned in the plot, who number between fifty and sixty, will be given a military trial later.

The men under sentence of death are Sebastian de La Cruz, Nicolas Chavarria and Lorenzo Hernandez. De La Cruz is a Villista colonel who enlisted as a private in the Carranza army to act as a spy.

Chavarria was formerly secretary to Posual Orozco. Both he and Hernandez lived in Juarez as civilians. It is stated that a number concerned in the affair are still at large in El Paso, but the chief actors have been gathered in. The three convicted were arrested last Sunday—the day named for the outbreak.

BERTANI SAYS VILLA NOT AT SATEVO.

General Gavira said tonight that he had received a telegram from General Bertani at Madera in which General Bertani claimed to have authentic

information that Villa, wounded in the leg, was between Namiquipa and Bachiniva. He also said that if any Villistas were headed south of Satevo they were independent of their leader.

Reliable reports reached here this afternoon that American troops had engaged the Villistas at Bachiniva, twenty-five miles northeast of Guerrero. No details of the fighting have reached here yet.

An American mining man who has lived for many years in the section of the country where Villa is believed to be, summed up the general feeling in the refugee colony here when he said:

### REFUGEES DOWNCAST OVER PRESENT SITUATION.

"If Villa has got into the country back of Satevo it makes little difference whether the American columns are on his heels or not. He can wave his hat at his pursuers and disappear into the mountains, where he could not be overtaken in years. That country is an ideal one for fugitives. It is full of canyons, caves and every kind of natural advantage for the bandits. Water is plentiful and food easy to find. The only chance General Pershing had was to cut Villa off from the south. If he has failed in doing this, it will take an army of 100,000 men to search this country between Parral and Torreon."

Consul Garcia made public tonight a telegram which he said General Gavira had received from General Gutierrez. It read:

"I have confirmed from eye-witnesses, among others from one of my own soldiers who was made prisoner at Namiquipa, that the bandit Villa was wounded in the knee so that he was unable to mount his horse."

lowing dispatch from General Pershing:

"Headquarters in the Field, April 4 (April 3 daily report).—Report just received from Major Evans, Tenth cavalry, by courier from vicinity of Bachi-niva, that Colonel Brown with a squadron Tenth cavalry encountered band Villistas and was pursuing them through San Antonio. No further details. No report from Brown."

"Natives trading from Chihuahua state that Brown's command, part dismounted and part mounted, surprised Villistas at noon meal with horses grazing near Aguas Calientes, about twenty miles southeast of Bachi-niva. Natives say from thirty to forty Villistas killed and same number horses captured. All this lacks verification from official sources."

"(Signed) 'PERSHING.' Secretary Baker in making it public said it was rather confusing. He expressed the belief that Major Evans while in pursuit of the bandits had hurriedly sent a courier stating that fact, but had been unable to send an official report of the actual fighting reported to have ensued."

The Tenth cavalry is the army's crack negro troop, famed for exploits during the Spanish-American war.

### COLONEL DODD PERSONALLY IN COMMAND.

A report from General Funston disposed of recently circulated rumors that Colonel Dodd was not with his troops in the attack on Villa's main command on March 29. The message said:

"Troops engaged at Guerrero with Villistas were commanded in person by Colonel Dodd."

No details concerning the number of additional soldiers sent into Mexico were made public, but it was learned that they were detachments of the Twentieth and Twenty-fourth infantries. Earlier reports that the Fifth cavalry had gone across were confirmed. The infantry moved in two days ago, but censorship along the border kept the fact secret.

### DEATH OF ANOTHER BANDIT LEADER REPORTED.

Death of another bandit leader, General Nicholas Morales, an ally of the famous Arrieta brothers in Durango, was reported in mail reports received by the war department during the day. Morales and an escort were said to have been killed about March 29 by mountain ranchers whose corn and cattle they sought to take.

Removal of considerable Carranza forces from the Sonora border, reported to the state department last morning, was expected to have gone off in allaying apprehension of Americans in Arizona and New Mexico.

The state department last today announced receipt of official dispatches reporting continued quiet at Tampico, Veracruz, Frontera, Guaymas and Topolampam and "exceptionally good" at Matamoros. Railroad communication from Durango to Torreon and from Torreon north was reported subject to interruption and telegraphic communication between Frontera and Vera Cruz was declared "uncertain."

## ROBERT L. HENRY OPENS CAMPAIGN FOR SENATORSHIP

CONTINUED FROM PAGE ONE.

noted W. W. Seley, Senator A. R. McCollum, former Mayor James B. Baker, H. P. Jordan, Bart Moore, Jack Ray, W. H. Brown, Roy E. Johnson, Henry Little, M. Golding, Edgar Mann of Mart, Dr. J. W. Hale, O. L. Strubling, Luke Moore, C. W. Payne, Dr. W. B. Morrison and W. H. Jones.

### HENRY'S APPEARANCE STARTS LOUD CHEERING.

Long and continued cheering followed the appearance of Henry on the platform. Accompanying him was his old-time friend, Senator A. R. McCollum, who introduced the speaker. McCollum did not weary his audience by trying to make a speech himself, but his few words of praise for the speaker were enthusiastically applauded. Mr. Henry made a hit with the crowd. In fact, it was a Henry crowd and if the vote on the territorial race had been left to those present, it is a dead moral certainty that every other candidate would have been in the "also ran" class.

### HAS KEPT PROMISES FAITHFULLY IS CLAIM.

Mr. Henry reviewed his service in congress and declared that during the twenty years he had not broken a single promise given to the people. He spoke against nationwide and statewide prohibition and said that he had faithfully taught the doctrine of individual liberty, local self-government and the rights of the sovereign states and the people.

The farmers, he said, were entitled to the same consideration for their land security as the holder of paper merchandise and to this end he favored a system of rural credits to be worked out through federal land banks. He advocated the reclamation of the Texas rivers, the Red, Trinity, Brazos, Buffalo Bayou, Colorado, Guadalupe and the intercoastal canal.

### Lorena Party Present.

Special to the Morning News. Lorena, April 4.—H. M. Williams and T. M. Bowman filled their automobiles with enthusiastic Henry supporters today to leave for the state capital to hear the congressman make his opening speech in his campaign for the United States senate.

Henry Declares for Majority Nomination. Congressman R. L. Henry gave out the following statement for publication today:

"The state democratic executive committee has requested my presence at the Hillsboro meeting next Friday and I intend to be there. "A plan has been deliberately made to take the election of United States senator away from the majority of voters and I am informed Mr. Colquitt is a part of it. He knows that it is not possible for him to secure a majority of the democrats in the July primaries and in his desperation is trying this last effort to get by the great body of voters. I cannot understand how any good democrat would desire the nomination unless he can get a majority of the democrats. I am not willing to aid in nullifying a mandatory law to further my political purposes, nor do I think the state executive committee will sanction this breach of faith with the voters and the plain thwarting of their will. "It is time for men thinking as I do to awaken to the peril of this newly-hatched conspiracy to violate laws. Mr. Colquitt is not to be thought of as a democratic candidate and has put himself beyond the pale. He has savagely attacked President Wilson and assailed every law passed by the democratic administration. He has qualified himself to stand with the reactionary republicans like Foraker, Lodge, Fairbanks and Fairbanks. He would fight the democratic party, vote with the

special interests and misrepresent the Texas people.

"At this very hour a hard fight must be made not only against this conspiracy to take away from the great questions at Washington that must be settled when the European war ends, and it is well known that Senator Colquitt is now physically strong enough, as he states, to wage this campaign."

"For a generation the people have demanded the direct election of senators and such amendment has been made a part of the federal constitution. In pursuance therewith the Texas people have provided for the majority controlling in the primaries and thus establishing a plain legislative policy by mandatory statute. They will not have their will outraged by conspiring and hair-splitting politicians secretly plotting to take away from them the right to elect their senators. They will rise in their sovereign power and find a way to prevent this scheme to ignore them and thus nullify plain laws."

### Colquitt Says Ignore Primary Law.

Special to the Morning News. Dallas, April 4.—Former Governor O. B. Colquitt, now a candidate for the United States senate, will not attend the meeting of the democratic state executive committee and candidates for the senate at Hillsboro during the last fifteen years. He will ignore the executive committee in regard to the holding of the "run off" primary will be accepted by him, he declared in a letter to Charles Kirk, secretary of the executive committee, Tuesday afternoon.

However, Mr. Colquitt expressed himself in favor of pursuing the same action in regard to the senatorial primary and was understood to be in opposition to the ignoring of the election law which has been declared unconstitutional and impossible of fulfillment.

Democrats Made Big Gains in Chicago. By the Associated Press. Chicago, April 4.—Democrats scored heavily in today's aldermanic elections in the thirty-five wards of the city. The party gained twelve seats but seven wards and William Hale Thompson, republican, was elected mayor by 147,477 majority.

Today the democrats carried twenty-one wards, the socialists one and republicans but thirteen.

There were thirty-five holdover aldermen and with the line-up revised to take the democrats came within four wards of wresting control of the city council from the republicans.

Of the republicans elected only three bore the Thompson label. The others belonged to the anti-prohibition faction in the city hall. Issues involved were local or purely political. Involved was Mayor Thompson's position on the liquor O. West as republican national committeeman at the election next Tuesday.

### Waukegan Votes to Oust Saloons.

By the Associated Press. Chicago, April 4.—Important cities were won by both the wets and dries in today's local option elections. Majorities were gained in Chicago, Evanston, Oak Park, Waukegan, Guaymas and Topolampam and "exceptionally good" at Matamoros.

The return of saloons. Nearly all the other towns in which local option elections were held remained either wet or dry, as they had before. The largest city in this class was Rock Island.

The voting day of Waukegan was a clear victory for the wets. The men rolled in a large majority in favor of retaining saloons.

The city of Waukegan, lying some forty miles north of Chicago, had furnished one of the wettest spots on the west shore of Lake Michigan in Illinois. The election today threw out the wets.

A town that reversed the women in Waukegan was East Dubuque, where most of the female voters favored the wet side.

### Dries Gain in Wisconsin.

By the Associated Press. Milwaukee, Wis., April 4.—In many towns and villages of Wisconsin which voted today on the question of saloon license the dries appeared to have gained. Prohibitionists carried twelve elections, while eleven were won by the anti-prohibition forces.

### Tulsa for Closed Town.

By the Associated Press. Tulsa, Okla., April 4.—Sweeping all precincts of the city, John H. Simmons, republican, lead an entire ticket to victory in the municipal election here today. Simmons, for mayor, was given a majority of 925 votes. It was the largest majority ever given a candidate in a city election here. It was the first time in the history of Tulsa that a republican ticket has been elected.

Ye. L. Reeder, the defeated candidate for mayor, was supported by the liberal element, while Simmons was a closed town advocate.

## SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

EVERY BIT OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

TRY THIS! YOUR HAIR APPEARS GLOSSY, ABUNDANT, WAVY AND BEAUTIFUL.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

day it was reported that two scouts for the Americans were in this town and in possible danger. Volunteers were called for to bring them in. So many officers rushed forward to offer their services that none of the privates got a chance to join the rescue party. The scouts were brought in safely.

#### HOME ASSOCIATION MEETS FOR APRIL REPORTS

On Tuesday morning members of the Home association met in session, the regular monthly meeting. Report was made that double beds had been abandoned in the old woman's ward, and replaced by single beds, new springs and mattresses, which were a delight to the inmates. The next business finds Mrs. John Sleeper chairman to arrange for the annual Easter tea out at the Home.

#### PRESBYTERIAN GIRLS FORM AN AUXILIARY

Among the last of the church organizations comes another Young Woman's Auxiliary. This is composed of about twenty from the First Presbyterian congregation, with Miss Rachel Fraser, president, Miss Monette Colgin, vice president, and Miss Roberta Rogers, secretary-treasurer. The purpose in organizing was local charity. No special plan is outlined except that the auxiliary will be first aid to the pastor in local work.

#### DAUGHTERS OF REPUBLIC WITH MRS. ARCH GAMEL

Sterling C. Robertson chapter, Daughters of the Republic of Texas, met with their president, Mrs. J. Arch Gamel on Monday. The regular reading from Judge Bulmore's recent history of Texas was conducted. Application for membership was made by James Brodie. A letter was read from Mrs. Rebecca J. Fisher announcing change of annual convention from Houston to San Antonio. The chapter will make no local celebration at San Jacinto holiday, coming as it does on the most religious day of the year, Good Friday.

#### LECTURER ON CIVICS COMES FOR FEDERATION

On Tuesday, arrangement was made for one of the lantern lectures from Richard Watrous, who is sent out by the National Civic association. He gives April to Texas, and Waco is to profit by his presence under auspices of the City Federation. Mr. Watrous is heralded as one of the best informed men in this country along the line of city planning and improvement. His visit to this state is timely, and his presence in Waco is made possible by co-operation of President Neale of the Welfare League. Date, place of lecture and other detail will be given later.

#### WEST AVENUE SCHOOL CLUB HAS INTERESTING PROGRAM

The Parent-Teachers' association for West Avenue grammar school had an interesting session on Monday afternoon. The annual election of officers was deferred until the May meeting. Music and a reading was furnished by pupils. It was announced that late in this month the school will take a trip through the Canadian Rockies with all their friends, by means of slides and the new lantern just purchased for West Avenue. The children are being drilled for a playlet, "Robin Hood," which they will present on the same night. Mrs. N. B. Kent was present in the interest of school gardening and floriculture. The session was both full and profitable.

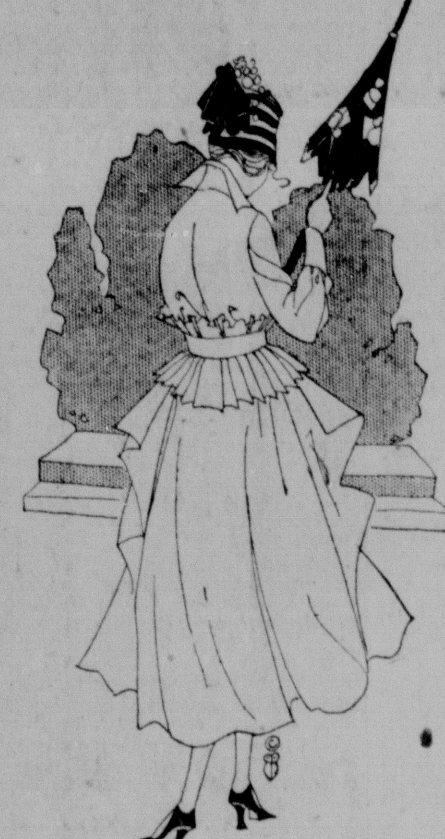

#### INTERESTING NOTE COMES FROM RED CROSS SEALS

The past week has brought from national headquarters report from holiday sale of the Red Cross Christmas seals. Every man, woman and child who spent a penny in this city, will be pleased to know that that penny went to swell a grand total of \$80,000. This means that amount spent in the coming year for anti-tuberculosis work. Rhode Island leads all other states in proportion of sale to capita. Connecticut was a close second. Among single towns according to capita, Kimballton, Iowa leads with an average of slightly more than 18 stamps per person. Texas does not appear in the prize list. Certainly the grand total proves the truth in the saying, "Tis the mickle makes the muckle."

## Waco Good Place to Grow Strawberries.

That Waco can grow strawberries to equal any that are shipped in here has been proven by the splendid crop that is now ready to pick on the old Sheriff Fleming place on South Fifth street. George Stubbfield of the Grocery So Different, realizing that the crop was one of the best in the state, purchased the entire crop yesterday and has announced that it would be disposed of at the Grocery So Different on Austin avenue.

The berries are a big boost for the agricultural interests of Waco. They are of unusual size and are the equal of any that are shipped in here, and the superior to most of them. They are a good example of what "the heart of Texas" is in an agricultural way.

## ALMOST FAINTED WHILE STANDING

And Suffered Dreadfully From Headache, Backache and Dizziness. Says Now That Women Are Foolish to Suffer and Tells Why.

New Augusta, Miss.—In relating her experience, Miss Irene H. Craft, of this town, writes: "I have been troubled for a right smart while with female weakness. I was irregular, and was down in bed about all the time. I had chills and fever with these troubles for at least a year, and a great deal of dizziness, headache and backache.

When I was sick at each month, I had to stay in bed all the time, because my back would ache and my head would swim so that I would almost faint if I stood on my feet. "I endured this for about three years. Finally I began to doctor with a doctor. He did not help me much. Then he recommended Cardui, and I began to take it. I took about one bottle and felt much better. I have taken a whole lot now, and feel just all right. I have no headache, headache or dizziness now. "I think women are foolish to suffer when they can take so helpful a remedy as Cardui, and I surely praise it to every one."

## Society Personals

Mrs. Essie Friedlander of Houston is guest of her mother, Mrs. S. J. Davidson, Rose Park, Fla.

Miss Pauline Frank of Franklin street is at home from Houston.

On Thursday Mrs. H. S. Long, with Miss Mildred Jessels, goes for a visit with Mrs. Hyman Melusky in Taylor.

The last of this week finds Miss Helen Miller, who is at home for her Easter vacation, returned to Monticello seminary.

Among early week departures was that for her home in Dallas of Mrs. R. A. Smith. She had spent the past few weeks with her sister, Mrs. E. G. Lally, North Fifth street.

Mrs. W. M. Rhinehart of Galveston comes today for a visit with her sister, Mrs. J. M. Henshaw, Austin avenue.

After a visit with her mother, Mrs. Frank Wells, Fourteenth and Columbus, Mrs. Homer McCallum returns to her home in Emporia today.

Mrs. C. C. Garrett came from Fort Worth on Tuesday for a visit with her daughter, Mrs. F. B. McPeak, Herring avenue.

Among departures within the next few days is that of Mrs. Frances Wilcox of Iowa, who has wintered with Mrs. F. H. Wilcox, Herring avenue. She goes to Omaha, Nebraska.

Mrs. Edwin Cammack of Gorman street has returned from Dallas.

Mrs. Turner Hubby of West Barnard is in San Antonio. She will be at home with Thursday.

Miss Marie L. Worth of Evergreen Acres has gone for a week's visit to her sister, Miss Anna Dilworth, in Gilmer.

Mrs. W. S. Ferguson of Mitchell street, Waco Vista, has for her guest her sister, Mrs. M. O. Wright, of El Paso.

Mrs. C. C. Doyle will be down from Dallas today, to remain the guest of her daughter, Mrs. Artemas Roberts, on Colcord avenue through April.

The M. L. Webster household of Speight street has entertained within the past few days Eldridge Palmer, from Paducah, Kentucky.

Tastefully decorated with beautiful flowers that suggested the presence of springtime, the home of Mr. and Mrs. W. H. Gorman was opened on the evening of March 31 to members of the "Leap Year Twelve" club and their friends to enjoy social amusements which had been arranged by the hostesses, Misses Ida Lynn and Alberta Gorman, with the able assistance of other members.

After listening for a while to the splendid music rendered by guests of the evening, each one in turn was led to a secluded spot, where one was found, who, by reading the hand, their future destinies were made known. Quite a while was spent in playing the games which had been planned to make the evening a pleasant one, then in a novel way each one found his partner for the dining room, where tables, artistically decorated with flowers and the colors of the club, caught the eye of everyone. Orders for supper were given from the menu cards on the tables. The supper was served, but pretty soon discovered to be a fake one, which proved a very unexpected but jolly April fool. The countenances of those in the dining room were quickly changed, however, when a large bowl of delicious punch and plates of cake were brought in and served.

Those who enjoyed the social were the Misses Hallie and Alma Stewart, Lucille and Hortense Horn, Jewel Wortham, Veneta Eoff, Lorela Foster and Robbie Boyd, and the Messrs. Will Johnson, Dumas of Waco, Preston Woodward, Leslie Boyd, Albert and Edgar Cobbs, Jack and Tom Horn, Tom Foster, Robert Gorman and Otto Stewart.

days of worship and self-denial, seems this season to have rallied to the cause of relief. Society in New York City has been just as active as during mid-winter gayety, but in an altogether different way. It is praiseworthy, this departure, for it affords that diversion which means rest besides giving a humanitarian phase to our observance of a religious period.

The writer describes the condition as the time for affairs of social interest not necessarily frivolous.

The weekly dances at the exclusive hotels have danced, but it has danced for some cause of human appeal. A serious note has been struck with each assembly. Younger girls have turned their activity into war relief channels.

Teas for French wounded, exhibitions for ambulance hospitals are some of the measures. In this ambulance hospital, an interesting exhibit is supplemented by display of flags, addresses and other features relative to this great work. The idea is to bring

the war in all its terror home to the New Yorkers.

Never before in the history of woman's work in New York has a Lenten Lenten such serious thinking and working. Preparedness has seized to the very vitals. Home charities seem temporarily forsaken for the pressing demand from the other side.

Study of the American baby has been one of the serious subjects of Lent.

Personal war experiences are being related by those just returned from the front.

The Visitation League, those who are working for alleviation of horrifying operations upon animals, is claiming attention and gathering audiences.

The League for Cripples, the Red Cross fund, Venetian fete for the Italian wounded, supper dance for destitute war refugees, the League for Animals, Free Hospital for Children, Lenten sewing classes, Lenten morning musicales, all these are events for the present forty days in New York City, to say nothing of rolling bandages and making lessons in nursing. Is not this the demonstration that variety is the spice of life? By the way, who is the author of that proverb?

Waco women have been active, to be sure, but their time of Lenten thought has diverged widely from that of their sisters in the east.

Waco society can take solace. We must admit that we were inquiring how to pronounce the name Paylowa, but the news comes that New Yorkers wrestled with the same puzzle for ten years, and only desisted because they were diverted to where the accent should fall in Maclezoza. Do not ask us, for honestly, we have not the slightest idea.

Now that our gardens are abloom, do let us share our pleasure. It is one of the small things with large results, to leave the cluster of roses at the door of a friend.

Is it not wonderful, this wave of civic enthusiasm which is sweeping over our town? Let the good work go on. Our trees are the envy of all our visitors; why not our yards and our parks be the same? By the way, are

you teaching your child respect for the parks and what is in them?

Now that it is getting too warm to spend an afternoon with fancy work, and the call to the open has come, why not the several fancy work clubs each resolve into a neighborhood city beautiful society?

The question has reached local society, shall the honors of any function be first or last to retire? In Washington City the honored guest is always first to leave, thus signifying to the company that it is time to tax the hostess no longer. Elsewhere, the honoree is supposed to remain to share the parting pleasures paid the hostess. Waco must do the proper thing; now, which is it? ## The Grocery So Different

CAFE DEPARTMENT

### Waco Good Place to Grow Strawberries.

That Waco can grow strawberries to equal any that are shipped in here has been proven by the splendid crop that is now ready to pick on the old Sheriff Fleming place on South Fifth street. George Stubbfield of the Grocery So Different, realizing that the crop was one of the best in the state, purchased the entire crop yesterday and has announced that it would be disposed of at the Grocery So Different on Austin avenue.

The berries are a big boost for the agricultural interests of Waco. They are of unusual size and are the equal of any that are shipped in here and the superior to most of them. They are a good example of what "the heart of Texas" is in an agricultural way.

#### Funeral Notice.

The funeral of C. M. Kemper will be held at the residence, 1822 Morrow street, this morning at 10 o'clock.

### K. of P. Committees on Reception Named.

Committees to prepare for the visit of the supreme chancellor of the Knights of Pythias, B. S. Young of Ada, Ohio, Friday night, have been appointed. Mr. Young will be accompanied by Grand Chancellor Henry E. Ellis of Denison, and several other prominent members of the order of the state. Mike Strauss, Tom Easley and W. E. Edgar will have charge of the refreshments and the committee on reception and general entertainment is composed of Dr. J. F. Bailey, district deputy grand chancellor; John T. Bonner, past Texas representative; Endowment rank; R. H. Rogers, member; Grand Tribune; Pat M. Neff, grand outer guard; Knights Fred B. Robinson and C. D. Corley.

Committee on refreshments—Mike Strauss, W. E. Edgar, Tom Easley.

And Suffered Dreadfully From Headache, Backache and Dizziness. Says Now That Women Are Foolish to Suffer and Tells Why.

New Augusta, Miss.—In relating her experience, Miss Irene H. Craft of this town, writes: "I have been troubled for a right smart while with female weakness. I was irregular, and was down in bed about all the time. I had chills and fever with these troubles for at least a year, and a great deal of dizziness, headache and backache. When I was sick at each month, I had to stay in bed all the time, because my back would ache and my head would swim so that I would almost faint if I stood on my feet. I endured this for about three years. Finally I began to doctor with a doctor. He did not help me much. Then he recommended Cardui, and I began to take it. I took about one bottle and felt much better. I have taken a whole lot now, and feel just all right. I have no headache, dizziness or dizziness now. "I think women are foolish to suffer when they can take so helpful a remedy as Cardui, and I surely praise it to every one."

#### MRS. W. C. ZAHM HOSTESS FOR OCTETTE BRIDGE CLUB

With Mrs. George Thomas and Mrs. Herman Johnson of Atlanta playing guest hands, Mrs. W. C. Zahm entertained the Octette Bridge club during Monday afternoon. Miss Nettie Aubrey's high score gave her the prize award. Mrs. H. T. Cruger invited the club for next Monday afternoon.

#### HOME ASSOCIATION MEETS FOR APRIL REPORTS

On Tuesday morning members of the Home association were in session, the regular monthly meeting. Report was made that the club had been abandoned in the old woman's ward, and replaced by single beds, new springs and mattresses, which were a delight to the inmates. The next business finds Mrs. John Sleeper chairman to arrange for the annual Easter tea out at the Home.

#### PRESBYTERIAN GIRLS FORM AN AUXILIARY

Among the last of the church organizations comes another Young Woman's Auxiliary. This is composed of about twenty from the First Presbyterian congregation, with Miss Rachel Fraser, president, Miss Monette Colgin, vice president, and Miss Roberta Rogers, secretary. The purpose in organizing was local charity. No special plan is outlined except that the auxiliary will be first aid to the pastor in local work.

#### DAUGHTERS OF REPUBLIC WITH MRS. ARCH GAMEL

Sterling C. Robertson chapter, Daughters of the Republic of Texas, met with their president, Mrs. J. Arch Gamel on Monday. The regular reading from Judge Fulmore's recent history of Texas was conducted. Application for membership came from Mrs. James Brodie. A letter was read from Mrs. Rebecca J. Fisher announcing change of annual convention from Houston to San Antonio. The chapter will make no local celebration on San Jacinto holiday, coming as it does on the most religious day of the year, Good Friday.

#### LECTURER ON CIVICS COMES FOR FEDERATION

On Tuesday, arrangement was made for one of the latest lectures from Richard Watterson, who is sent out by the National Civic association. He gives April to Texas, and Waco is to profit by his presence under auspices of the City Federation. Mr. Watterson is heralded as one of the best informed men in this country along the line of city planning and improvement. His visit to this state is timely, and his presence in Waco is made possible by co-operation of President Seale of the Welfare League. Date, place of lecture and other detail will be given later.

#### WEST AVENUE SCHOOL CLUB HAS INTERESTING PROGRAM

The Parent-Teachers' association for West Avenue grammar school had an interesting session on Monday afternoon. The annual election of officers was deferred until the May meeting. Music and a reading was furnished by pupils. It was announced that late in this month the school will take a trip through the Canadian Rockies with all their friends, by means of slides and the new lantern just purchased for West Avenue. The children are being drilled for a playlet, "Robin Hood," which they will present on the same night. Mrs. N. B. Kent was present in the interest of school gardening and floriculture. The session was both full and profitable.

#### INTERESTING NOTE COMES FROM RED CROSS SEALS

The past week has brought from national headquarters report from holiday sale of the Red Cross Christmas seals. Every man, woman and child who spent a penny in this city, will be pleased to know that that penny went to swell a grand total of \$809,000. This means that amount spent in the coming year for anti-tuberculosis work. Rhode Island leads all other states in proportion of sale to capita. Connecticut was a close second. Among single towns according to capita, Kimballton, Iowa leads with an average of slightly more than 18 stamps per person. Texas does not appear in the prize list. Certainly the grand total proves the truth in the saying, "Tis the mickle makes the mickle."

Villa is  
Now here, now there,  
Then he isn't  
Anywhere.  
Anybody  
Want to bet,  
Though, that we  
Won't catch him yet?  
If we understand the professor, and, to be candid  
about it, we think we do, that effusion is a physi-  
ological sign that somebody is trembling, or has  
trembled, or may tremble, with emotion and still,  
according to the professor, though he may be too  
polite to make the application, these remarks of  
Brother Lewis are not necessarily to be classed  
as poetry. They may belong in the prose category,  
and they may belong in the waste basket.  
Passing from that phase of the matter, the ques-  
tion arises: if this be an unerring physiological sign  
of emotion: who feels it; does Villa feel it; does  
Colonel Dodd feel it; does Judd Lewis feel it, or  
is it to be the final result of a sale of the Post to  
some unsuspecting reader at five cents per copy?  
Tell us all about it, professor. Don't leave us  
hung up in the air like this.

Mrs. Bishop, a wealthy society woman of Chi-  
cago, is campaigning in behalf of the marriage of  
working girls, and proposes to pay the cost of the  
trimmings. Moved: that Mrs. Bishop be in-  
vited to become a citizen of Texas right now. Do  
we hear a second from George Bailey of the Hous-  
ton Post? If not, Editor Fitzgerald of the Fort  
Worth Record will please take the stand.

A Zeppelin raid upon Scotland on Monday re-  
sulted in the death of five persons, including two  
servant girls. The quicker a war ends which rep-  
resents, in part, attacks with bombs upon women  
and children, the smaller will be the apology the  
historians of the future will be called on to make  
for the civilization of today.

Southern California is taking steps to minimize  
the evils flowing from a large and undesirable  
Mexican population, and yet there are prominent  
Americans who are seriously thinking of asking  
Uncle Sam to take over about eleven millions of  
Mexicans.

The Texas Federal Reserve bank led in the rate  
of dividend earned by the several banks of that  
system during February. Its net earnings were  
\$1,357,600. That result speaks volumes for Texas  
and the Southwest and for Chairman Ramsay and  
his associates.

The freight traffic of Texas railroads has in-  
creased twenty per cent during the period covered  
by the last report as compared with the correspond-  
ing period of last year. Let the pessimist take to  
his hole. He has no weapon with which to meet the  
logic of this hard, corporeal fact.

Some of these days Villa is going to be mighty  
sorry that one of his trusted lieutenants' didn't tell  
him why it is better to be safe than sorry.

Mr. Jules Hirsch wants to dig an oil well on San  
Jacinto battle ground. Well, didn't Sam Houston  
bore for oil there, and find it?

**THE PEOPLE WILL CHOOSE.**  
Governor Ferguson and Congressman Henry be-  
lieve they have discovered a plan to nullify the  
law which requires that the United States senator  
to succeed Mr. Culberson shall receive a majority  
of the votes cast in the democratic primary. Mr.  
Henry suggests that this is to be attempted in the  
interest of Governor Colquitt.  
It is not very material whether these charges  
are correct or incorrect. The big question is,  
whether a majority or a minority candidate shall  
represent Texas in the United States senate. Upon  
that issue there is no room for doubt as to the  
determined will of the great body of Texas demo-  
crats. If there were no statute expression of their  
will, it would still be incumbent on the democratic  
state executive committee to carry out their wishes.  
They propose to choose the senator, and not to refer  
that duty to the legislature.

**A TOAST TO PARIS.**  
It rarely happens that an opportunity equal to  
that which now confronts the fire-devastated city  
of Paris comes to a community. So complete was  
the work of the flames which destroyed its busi-  
ness section and its principal residence district, that  
there is no call from any quarter for rebuilding in  
accordance with the original plan. It may, if it  
chooses, become the one thoroughly modern  
American city, and thus enjoy the unique distinc-  
tion of being in a class all to itself.  
In times gone by, Paris boasted that it was the  
Athens of Texas. In years to come, it may be that  
the world Paris will stand for so much in Texas that  
no association will be needed with by-gone glories  
to give it lustre.  
Here's a toast in which all Texas will join. To  
Paris—may her future glory obliterate the memory  
of her cruel sufferings.

**RELIEF FOR HOME OWNERS.**  
The lower house of congress passed a bill on  
Monday to quiet the title of actual settler claimants  
to certain lands in Louisiana, thus ending a contro-  
versy which has been going on for over thirty years.  
This is a reminder that Texas legislatures have  
been constantly unmindful of their plain duty, and  
of the interests of the home owners of this state, in  
failing to take vigorous steps to remove the cloud  
which foolish and unjust technicalities have placed  
around so many homes in this state.  
An omnibus act curing all title defects which do  
not rest upon an equitable basis would be worth  
more to Texas than a price of twenty-five cents  
per pound upon one season's cotton crop. The only  
objection that could be urged against it is that it  
would deprive the lawyers and the abstract own-  
ers of large fees, but that is not a sufficient reason  
to justify a legislative blockade against this needed  
measure of relief.

The Chronicle declares that "when we expect  
or at least should have cold weather, we have warm  
weather, and when we expect and need rain it is  
dry." We rather suspected that of Houston, but  
there's nothing like inside information. Come to  
Waco.

A fire at Hobart, Oklahoma, roasted 500 little  
chickens which were not properly dressed for the  
occasion. What chance has Oklahoma to get on in  
the world in the face of such a frightful economic  
waste as that?

Providence may have prepared somewhere a bet-  
ter site for a cotton factory than the central city  
of the Imperial state—that is to say, Waco—but if  
so, it neglected to make any mention of it on the  
visible records of Nature.

Southern pine mills have orders on hand for  
416,304,905 feet of lumber. This year of 1916 offers  
a billion dollar opportunity to every community  
wide awake enough to perceive it, and Waco is one  
of the cities which will both see it and grasp it.

War Correspondent Dubose bemoans the diffi-  
culty in getting enough pie at Columbus, N. M.  
Somebody has to suffer for the cause of humanity,

altar.

**Around the World**  
Governor Folk will be a candidate  
for the democratic nomination for gov-  
ernor of Missouri.  
The public school teachers of St.  
Louis have organized and agreed to  
raise \$2,500 to work for a new consti-  
tution for Missouri. At a meeting at-  
tended by 1,000 teachers each pledged  
\$1 out of every \$1,000 in his or her salary  
to a fund to carry on the work.  
As there are about 2,500 teachers in  
St. Louis, and their salaries average  
\$1,087 each, the fund will be approxi-  
mately \$2,500. A committee to manage  
the St. Louis organization was ap-  
pointed.  
From Athens has come the report  
that the Turks are already busily en-  
gaged removing mines preparatory to  
throwing down the Parthenon. The  
report has also come through that En-  
ver Pasha has been attacked, and it is  
asserted that the Turks are now suing  
for peace. There is no question that  
the serious lack of provisions in Con-  
stantinople and Turkey generally, owing  
to the systematic removal of all avail-  
able provisions by Germany, has given  
rise to serious discontent among the  
Turkish people.

The fair at Lyons, France, which was  
opened by the minister of commerce,  
and is drawing together immense  
crowds of business men, deals with the  
reconstruction industry of today. The re-  
construction exhibition, which will be  
held in May by the French government  
on the terraces of the Tuilleries in  
Paris, will remain open for three  
months, will deal, on the other hand,  
with the restoring of French plants and  
factories in the north of France so that  
this district may be enabled to resume  
its normal industrial and productive  
activity which it enjoyed before the war.

In Charlottenburg, Schoenberg and  
Wittenberg, the three richest commu-  
nities in the west end of Berlin, it has  
been found necessary, despite the ex-  
ercise of the greatest economy, to raise  
the income tax to 170 per cent in order  
to balance the estimates for the com-  
ing year. It was decided to refrain  
from increasing the property tax, in  
view of the difficulties with which  
owners of property have to contend at  
the present time.

Mr. Bethlehem Steel company has  
given out a statement in which it says:  
"We are urging no plan of prepared-  
ness. We are attempting to show, in  
the frankest and most open manner,  
that it would be unnecessary and un-  
wise for the nation to spend \$11,000,000  
to build a government armor plant. If  
the United States should become in-  
volved in war or threatened war, the  
government of this country can have  
any product we manufacture—armor  
plate or anything else—at any price it  
chooses to pay, and at any such cir-  
cumstances, and regardless of price,  
our entire plant will run twenty-four  
hours a day with every pound of en-  
ergy behind it. It has been stated that  
this company has received an enormous  
profits from the manufacture of armor  
plate. The fact is that armor is the  
least profitable article we manufac-  
ture. In our armor plant—which is  
useless for any other purpose—we have  
invested \$7,100,000. That same amount  
of money invested in a steel rolling  
mill would have earned profits of \$1-  
400,000 a year. Yet, that investment in  
armor plant has produced only a gross  
receipts of \$1,415,993. The profits  
realized by this company in 1915 were  
not from armor plate. Our total  
sales in 1915 were about \$200,000,000,  
of which the armor plate amounted to  
only \$2,000,000. The gross receipts of  
armor plate amounted to but \$3,000,000—  
not 2 per cent of our total business.  
At the present time we can obtain in  
Europe almost any price for armor  
plate we choose to ask for our products,  
but we have not since the war began  
raised the price of any ordnance prod-  
ucts to the American government. We  
now offer to reduce the price of armor  
plate for the United States from \$425  
to \$355 a ton. The price paid now  
\$425 a ton—is less than that paid by  
any great naval power."

American exports for February  
reached a total of \$409,835,525, accord-  
ing to an announcement made by the  
bureau of foreign and domestic com-  
merce of the department of commerce.  
This is the highest point ever reached  
by the export trade in this country and  
exceeds the high mark for December,  
1915, by \$50,000,000. It exceeds the  
total for January by \$82,000,000. The  
total for the first eight months of  
1916 is \$3,255,301,570 and it now seems probable  
that the exports for the whole fiscal year  
will reach \$4,000,000,000. February im-  
ports also set a new high record, being  
valued at \$192,925,127, which is about  
\$10,000,000 more than in January, and  
much above the total for any earlier  
February. Over two-thirds of the  
month's imports entered free of duty.  
The excess over the previous year  
amounted to \$215,901,408 in February  
and to \$1,295,217,462 during the eight  
months ending with February. Last  
year February showed an excess of  
\$14,493,478 and the eight-month period  
an excess of \$578,834,930, or less than  
one-half that of the current period.

Nearly 2,000 schools, representing  
half as many separate districts, re-  
cently were already arranged for a pageant  
or dramatic performance in commem-  
oration of the 300th anniversary of  
Shakespeare's death, according to fig-  
ures compiled by the bureau of educa-  
tion of the department of the interior.  
Although the actual anniversary oc-  
curs in April, 1916, celebrations are to  
be held throughout the year. Many  
elementary and secondary schools will  
this year devote their entire com-  
mencement program to a Shakespeare  
pageant or play, and a number of the  
summer schools will take advantage  
of the opportunity to give outdoor per-  
formances of plays by Shakespeare or  
about him.

**BUILDING FOR POSTERITY.**

Seventy-five high-grade Holstein  
dairy cows were purchased in Wis-  
consin by an agent of the Wichita  
Falls Chamber of Commerce. These  
cows were brought to Wichita county  
with a view to improving and expand-  
ing the dairy industry. Fifteen suc-  
cessful and wide-awake farmers were  
selected by the Chamber of Commerce  
and each was furnished with five cows.  
Payments to be made in monthly re-  
mittances of half of the proceeds of the  
sale of milk, butter, lard and fat and  
other products. The announcement is  
made that if the plan proves success-  
ful, more high grade cows will be  
purchased and applied to other farm-  
ers of Wichita and adjoining counties.

methods to be used in the discovery of  
persons who are liable for this tax,  
and who have either failed to make re-  
ports, or made improper reports.

**On the March**  
Abolition of capital punishment in  
Massachusetts was advocated by Gov-  
ernor McCall in a special message  
sent to the state senate. The gov-  
ernor said that statistics do not prove  
that the infliction of capital punish-  
ment lessens the number of crimes  
committed and calls attention to the  
tendency throughout the world during  
the past century toward abolition of  
capital punishment. There are but  
fourteen states, including Massachusetts,  
that have the extreme penalty, he  
says, twenty-three other states  
leaving optional either the extreme  
penalty or life imprisonment.  
The temperance organizations in the  
Province of Quebec are petitioning the  
local government for a referendum on  
the liquor traffic. At present four-  
fifths of the municipalities of Quebec  
have abolished the liquor traffic but in  
the principal cities the liquor traffic is  
strongly entrenched.  
Elaborate arrangements are being  
made by the local committee in charge  
for the entertainment of delegates to  
the Mississippi valley conference on  
woman suffrage which will be held  
at Minneapolis May 7, 8 and 9. Repre-  
sentatives of ten states in central ter-

will be laid for a delegation of advo-

portion of the prisoners at the peni-  
tentiary came from the wet counties.  
Douglas county, with its much larger

where women may meet for the discus-  
sion of various subjects, and where  
they may meet with committees from  
men's civic organizations to carry on  
their work. The Town club, which  
now has a membership of about 400,  
is an organization of business, pro-  
fessional and homekeeping women who  
are interested in the social, civic and  
economic advance of St. Louis, es-  
pecially as this advance concerns the  
increasingly complex position of  
women.

**POLITICAL STUDENT  
THINKS THE SECOND  
PRIMARY ESSENTIAL**  
Walker F. Moore of West avenue,  
this city, who takes a keen interest  
in politics and matters political, and  
who usually keeps well posted on all  
such topics, is watching with keen  
interest the movements in the kaleido-  
scopic panorama which is bearing on-  
ward the matter of the second sena-  
torial primary, and Mr. Moore is won-  
dering just what the outcome will be,  
as are many others.  
Speaking of the proposition yester-  
day, Mr. Moore ventured the opinion  
that if the state of Texas has the au-  
thority to step in and say to the po-  
litical parties that they must conduct  
their primaries a certain way, and  
must observe all manner of conditions  
and rules, that then it follows logi-  
cally and irresistibly that this same state  
must come up to the performance of  
its full duty in the premises by pro-  
ducing the necessary coin with which  
to hold the second primary, if such a  
primary is necessary in order to meet  
the will of the legislative body and of  
the people.  
He further believes that in the final  
adjudication of the matter the higher  
courts of the state will hold that the  
state must go forward with the propo-  
sition if it steps in and gives commands  
governing and regulating the primaries  
of the political parties.  
The question of how the will of a  
majority of the people shall be learned  
respecting the claims of the two sur-  
vivors of the first United States sena-  
torial primary has been engaging at-  
tention for some time, and many are  
giving to the proposition the same  
careful study and scrutiny that Mr.  
Moore is doing, albeit he has prob-  
ably made a closer study of matters  
of this kind than the average Waco  
citizen.

**Locate Mexican in  
Missouri Wanted in  
Waco for Murder.**  
Deputy Sheriff J. M. Morgan left  
yesterday evening for Jefferson City,  
Mo., where he will take charge of a  
Mexican, Gerald Arzozene, wanted here  
on a charge of murder, the indictment  
having been found by the grand jury  
a little more than three years ago, but  
Arzozene had sought other climes and  
it was only recently that Sheriff Flem-  
ing located him in Jefferson City peni-  
tentiary, where he had been placed on  
a charge of misconduct.  
It was stated by Deputy Sheriff Lee  
Jenkins yesterday that Arzozene is  
wanted on not less than half a dozen  
murder charges in Texas alone, while  
one such charge is pending against  
him in Oklahoma, so that he is a bad  
man wanted in homicide in this section  
of the world. Photographs of the Mexi-  
can are in possession of the sheriff's  
office here, and these show a very  
determined and swarthy face. The  
McLennan county officers, never let  
up in their search for him, and he was  
finally located after persistent and ex-  
tensive efforts.

He is wanted in Waco on a grand  
jury indictment charging him with  
the murder on Bridge street of Frank  
Garcia. It is alleged that Garcia was  
stabbed on April 3, 1913, dying July  
28 of the same year.

Splendid progress is being made in  
preparing for the membership cam-

to secure members for the Young  
Women's Christian association, which  
will be organized here, according to  
reports of the membership committee  
that were made yesterday at the  
meeting held at the campaign head-  
quarters, the parlors of the First  
National bank. It was decided to have  
the mass meeting to make final plans  
for the campaign Sunday morning in-  
stead of Sunday afternoon, as the  
First Baptist church, as another mass  
meeting is scheduled for this church  
in the afternoon.  
Arrangements were made to hold  
the daily luncheons at the First Pres-  
byterian church during the campaign.  
These luncheons reports of the  
campaign will be made and talks will  
be given.  
A committee consisting of Mesdames  
Woodson, Spencer, Padgett and Patton  
was appointed to act as finance com-  
mittee during the campaign.  
Miss Mildred Corbett of Dallas,  
southwestern field organizer, who

return to Waco tomorrow morning, to  
remain until the organization here is  
perfected.

## WHAT ABOUT IT, PROFESSOR?

Professor Axson of the Rice Institute, has been instructing the people of Houston on "The Nature and Uses of Poetry." Rythm, he says, is a physiological sign of emotion, but rythm, itself, does not make poetry.

On the editorial page of the Post which reports this interesting lecture we find a graphic illustration of Professor Axson's theories, contributed by Judd Lewis:

Villa is  
Now here, now there,  
Then he isn't  
Anywhere.  
Anybody  
Want to bet,  
Though, that we  
Won't catch him yet?

If we understand the professor, and, to be candid about it, we think we do, that effusion is a physiological sign that somebody is trembling, or has trembled, or may tremble, with emotion and still, according to the professor, though he may be too polite to make the application, these remarks of Brother Lewis are not necessarily to be classed as poetry. They may belong in the prose category, and they may belong in the waste basket.

Passing from that phase of the matter, the question arises: if this be an unerring physiological sign of emotion: who feels it; does Villa feel it; does Colonel Dodd feel it; does Judd Lewis feel it, or is it to be the final result of a sale of the Post to some unsuspecting reader at five cents per copy? Tell us all about it, professor. Don't leave us hung up in the air like this.

Mrs. Bishop, a wealthy society woman of Chicago, is campaigning in behalf of the marriage of working girls, and proposes to pay the cost of the trimmings. Moved: that Mrs. Bishop be invited to become a citizen of Texas right now. Do we hear a second from George Bailey of the Houston Post? If not, Editor Fitzgerald of the Fort Worth Record will please take the stand.

A Zeppelin raid upon Scotland on Monday resulted in the death of five persons, including two servant girls. The quicker a war ends which represents, in part, attacks with bombs upon women and children, the smaller will be the apology the historians of the future will be called on to make for the civilization of today.

Southern California is taking steps to minimize the evils flowing from a large and undesirable Mexican population, and yet there are prominent Americans who are seriously thinking of asking Uncle Sam to take over about eleven millions of Mexicans.

The Texas Federal Reserve bank led in the rate of dividend earned by the several banks of that system during February. Its net earnings were \$1,357,600. That result speaks volumes for Texas and the Southwest and for Chairman Ramsay and his associates.

The freight traffic of Texas railroads has increased twenty per cent during the period covered by the last report as compared with the corresponding period of last year. Let the pessimist take to his hole. He has no weapon with which to meet the logic of this hard, corporeal fact.

Some of these days Villa is going to be mighty sorry that one of his trusted lieutenants didn't tell him why it is better to be safe than sorry.

Mr. Jules Hirsch wants to dig an oil well on San Jacinto battle ground. Well, didn't Sam Houston bore for oil there, and find it?

## THE PEOPLE WILL CHOOSE.

Governor Ferguson and Congressman Henry believe they have discovered a plan to nullify the law which requires that the United States senator to succeed Mr. Culberson shall receive a majority of the votes cast in the democratic primary. Mr. Henry suggests that this is to be attempted in the interest of Governor Colquitt.

It is not very material whether these charges are correct or incorrect. The big question is, whether a majority or a minority candidate shall represent Texas in the United States senate. Upon that issue there is no room for doubt as to the determined will of the great body of Texas democrats. If there were no statute expression of their will, it would still be incumbent on the democratic state executive committee to carry out their wishes. They propose to choose the senator, and not to refer that duty to the legislature.

## A TOAST TO PARIS.

It rarely happens that an opportunity equal to that which now confronts the fire-devastated city of Paris comes to a community. So complete was the work of the flames which destroyed its business section and its principal residence district, that there is no call from any quarter for rebuilding in accordance with the original plan. It may, if it chooses, become the one thoroughly modern American city, and thus enjoy the unique distinction of being in a class all to itself.

In times gone by, Paris boasted that it was the Athens of Texas. In years to come, it may be that the word Paris will stand for so much in Texas that no association will be needed with by-gone glories to give it lustre.

Here's a toast in which all Texas will join. To Paris—may her future glory obliterate the memory of her cruel sufferings.

## RELIEF FOR HOME OWNERS.

The lower house of congress passed a bill on Monday to quiet the title of actual settler claimants to certain lands in Louisiana, thus ending a controversy which has been going on for over thirty years.

This is a reminder that Texas legislatures have been constantly unmindful of their plain duty, and of the interests of the home owners of this state, in failing to take vigorous steps to remove the cloud which foolish and unjust technicalities have placed around so many homes in this state.

An omnibus act curing all title defects which do not rest upon an equitable basis would be worth more to Texas than a price of twenty-five cents per pound upon one season's cotton crop. The only objection that could be urged against it is that it would deprive the lawyers and the abstract owners of large fees, but that is not a sufficient reason to justify a legislative blockade against this needed measure of relief.

The Chronicle declares that "when we expect or at least should have cold weather, we have warm weather, and when we expect and need rain it is dry." We rather suspected that of Houston, but there's nothing like inside information. Come to Waco.

A fire at Hobart, Oklahoma, roasted 500 little chickens which were not properly dressed for the occasion. What chance has Oklahoma to get on in the world in the face of such a frightful economic waste as that?

Providence may have prepared somewhere a better site for a cotton factory than the central city of the Imperial state—that is to say, Waco—but if so, it neglected to make any mention of it on the visible records of Nature.

Southern pine mills have orders on hand for 416,304,905 feet of lumber. This year of 1916 offers a billion dollar opportunity to every community wide awake enough to perceive it, and Waco is one of the cities which will both see it and grasp it.

## Around the World

Governor Folk will be a candidate for the democratic nomination for governor of Missouri.

The public school teachers of St. Louis have organized and agreed to raise \$2,500 to work for a new constitution for Missouri. At a meeting attended by 1,000 teachers each pledged \$1 out of every \$1,000 in his or her salary to a fund to carry on the work. As there are about 2,500 teachers in St. Louis, and their salaries average \$1,000 each, the fund will be approximately \$2,500. A committee for the St. Louis organization was appointed.

From Athens has come the report that the Turks are already preparing to throw open the Dardanelles. The report has also come through that Enver Pasha has been attacked, and it is asserted that the Turks are now suing for peace. The issue is a question of the serious lack of provisions in Constantinople and Turkey generally, owing to the systematic removal of all available provisions by Germany, has given rise to serious discontent among the Turkish people.

The fair at Lyons, France, which was opened by the minister of commerce, and is drawing together immense crowds of business men, deals with the productive industry of today. The reconstruction exhibition, which will be held in May by the French government on the terraces of the Tuileries gardens, and will remain open for three months, will deal on the other hand with the rearing of French plants and factories in the north of France so that this district may be enabled to resume, as quickly as possible, the productive industry which it enjoyed before the war.

In Charlottetown, Schoenberg and Wilmsdorf, the three richest communities in the west end of Berlin, it has been found necessary, despite the exercise of the greatest economy, to raise the income tax to 170 per cent in order to balance the estimates for the coming year. It was decided to raise the income tax, the property tax, in view of the difficulties with which owners of property have to contend at the present time.

Mr. Bethlehem Steel company has given out a statement in which it says: "We are urging no plan of preparedness. We are attempting to show, in the frankest and most open manner, that it would be unnecessary and unwise for the nation to spend \$11,999,999 to build a government armor plant. If the United States should become involved in war or threatened war, the government of this country can have armor plates of any size and quantity at any price it chooses to pay; and under such circumstances, and regardless of price, our entire plant will run twenty-four hours a day with every pound of steel from behind it. It has been stated that this company has realized enormous profits from the manufacture of armor plate. The fact is that armor is the least profitable article we manufacture. In our armor plant which is useless for any other purpose—we have invested \$7,100,000. That same amount of money invested in a steel rolling mill would have earned profits of \$1,100,000 a year. We have invested \$1,100,000 in a steel rolling mill which has produced only average annual gross receipts of \$1,418,993. The profits realized by this company in 1915 were not from armor plate. Our total sales in 1915 were about \$2,000,000, of which \$1,100,000 was for armor plate. The price of armor plate amounted to but \$3,000,000—not 2 per cent of our total business. At the present time we can obtain in Europe almost any price we choose to ask for our armor plate, but we have not since the war began raised the price of any ordnance products to the American government. We now offer to reduce the price of armor plate for the United States from \$425 to \$395 a ton. The price paid now \$425 a ton—is less than that paid by any great naval power."

American exports for February reached a total of \$409,834,525, according to an announcement made by the bureau of foreign and domestic commerce of the department of commerce. This is the highest point ever reached by the export trade in this country, exceeding the high mark for December, 1915, by \$50,000,000. It exceeds the total for January by \$82,000,000. The total exports for the first eight months of the fiscal year 1916 are \$2,585,301,576 and it now seems probable that the exports for the whole fiscal year will reach \$4,000,000,000. February imports also set a new high record, being valued at \$193,935,117, which is about \$10,000,000 more than in January, and much above the total for any earlier February. Over two-thirds of the month's imports entered free of duty. The excess of exports over imports amounted to \$215,901,408 in February and to \$1,293,217,482 during the first eight months ending with February. Last year February showed an excess of \$174,682,478 and eight-months' period an excess of \$578,834,930, or less than one-half that of the current period.

Nearly 2,000 schools representing half as many separate communities, have already arranged for a pageant or dramatic performance in commemoration of the death and anniversary of Shakespeare's death, according to figures compiled by the bureau of education of the department of the interior. Although the actual anniversary occurs in April, 1916, celebrations are to be held throughout the year. Many elementary and secondary schools will this year devote their entire commencement program to a Shakespeare pageant or play, and a number of the summer schools will take advantage of the opportunity to give outdoor performances of plays by Shakespeare or about him.

## BUILDING FOR POSTERITY.

(Fort Worth Record.)  
Seventy-five high grade Holstein dairy cows were purchased in Wisconsin by an agent of the Wichita Falls Chamber of Commerce. These cows were brought to Wichita county with a view to increasing and expanding the dairy industry. Fifteen successful and wide-awake farmers were selected by the Chamber of Commerce and each was furnished with five cows. Payments to be made in monthly installments of half of the proceeds of the sale of milk, butter, butter fat and other products. The announcement is made that if the plan proves successful, more high grade cows will be purchased and supplied to other farmers of Wichita and adjoining counties.

## On the March

Abolition of capital punishment in Massachusetts was advocated by Governor McCall in a special message sent to the state senate. The governor said that statistics do not prove that the infliction of capital punishment lessens the number of crimes committed, and called attention to the tendency throughout the world during the past century toward abolition of capital punishment. There are but fourteen states, including Massachusetts, that have the extra statute, he says, twenty-three other states leaving optional either the extreme penalty or life imprisonment.

The temperance organizations in the Province of Quebec are petitioning the Quebec government for a referendum on the liquor traffic. At present four-fifths of the municipalities of Quebec have abolished licenses, but in the principal cities the liquor traffic is strongly entrenched.

Elaborate arrangements are being made by the local committee in charge for the entertainment of a conference on the assignment of a special conference on manumission which will be held at Minneapolis May 7, 8 and 9. Representatives of ten states in central territory will be in attendance, and plans will be laid for a delegation of delegates to the franchise for women to take part in a big demonstration during the meeting of the national republican convention in Chicago the following month.

Dry workers expect statistics from the Nebraska penitentiary will assist them in the fight for the passage of the dry amendment in this state at the election next November. At the request of a dry worker, Secretary J. W. Shahan of the pardon board has figures showing that a larger proportion of the prisoners at the penitentiary came from the wet counties. Douglas county, with its much larger population and saloons, furnishes five times as many as any other county. Last year Douglas county sent ninety-six convicts, or 38 per cent of all received at the prison.

The Town club of St. Louis, a woman's civic organization, has begun a campaign to obtain 1000 new members, so that it may establish downtown a woman's restaurant and club where women may meet for the discussion of various subjects, and where they may meet with committees to carry on their work. ## JUST LOOK, OH WOMAN.

(From a Washington Telegram.)  
Mrs. Wilson was stunning at a recent musical evening in rose chiffon draped over rose satin, with a deep girdle of embossed cloth of silver. She has also worn her white and silver brocade and a black velvet or so. The lovely lady is seldom seen at an evening function unadorned by the big white ostrich feather fan flecked with black, mounted in tortoise shell. It seems to give her confidence.

So far the national press has presented every corner in her repertoire of evening frocks, except perhaps a green one. She goes in for large Gaiety-borough effects in hats, as a rule, rather than for the smaller effects most of the other women are wearing. She wears jewels of any conspicuousness.

## MILLIONAIRE WIT.

Charles M. Schwab, congratulated on his magnificent munitions work, said in Lettore:  
"To succeed in munition work or in anything else, you must be ready—as ready as Jake."  
"Jake and Joe were brothers, and they were both very hard up. One day a man called at their rooms and asked for Jake—and Joe, thinking the visitor was a dun, said:  
"I'm afraid you can't see Jake."  
"Oh, I must see him," said the caller, "without fail."  
"I'm sorry," said Joe, "but Jake left town yesterday."  
"Pshaw," said the visitor, "that's too bad. I wanted to pay him \$100 I owe him, and I'm going abroad today."  
"Oh," said Joe, "that's easy. Jake came back this morning."

J. P. Morgan said at a dinner in New York:  
"The German financial position is desperate. The remedies proposed for it remind me of the horse thief."

"Two men were sentenced by a vigilance committee to be hanged for horse stealing, and the rope was hung from a bridge over a river.  
"But the first horse thief got off. The noose slipped, he fell into the water, and swam down stream to safety.  
"When they came to deal with the second horse thief, he said anxiously, as they tied the rope round his neck: "Make sure of that noose this time, won't ye, gents? It can't swim."

## Plans for Campaign Y. W. C. A. Forces Are Going Along Nicely.

Splendid progress is being made in preparing for the membership campaign which is to be held next week to secure members for the Young Women's Christian association, which will be organized here, according to reports of the membership committee that were made yesterday at the meeting held at the campaign headquarters, the parlors of the First National bank. It was decided to have the mass meeting to make final plans for the campaign Sunday morning instead of Sunday afternoon, at the First Baptist church, as another mass meeting is scheduled for this church in the afternoon.

Arrangements were made to hold the daily luncheons at the First Presbyterian church during the campaign. At these luncheons reports of the campaign will be made and talks will be given.

A committee consisting of Medames Woodson, Spencer, Padgett and Patton was appointed to act as finance committee during the campaign. Miss Mildred Corbett of Dallas, southwestern field organizer, who left Monday for Austin, is expected to return to Waco tomorrow morning to remain until the organization here is perfected.

## POLITICAL STUDENT THINKS THE SECOND PRIMARY ESSENTIAL

Walker F. Moore of West avenue, this city, who takes a keen interest in politics and matters political, and who usually keeps well posted on all such topics, is watching with keen interest the movements in the kaleidoscopic panorama which is bearing onward the matter of the second senatorial primary, and Mr. Moore is wondering just what the outcome will be, as are many others.

Speaking of the proposition yesterday, Mr. Moore ventured the opinion that if the state of Texas has the authority to step in and say to the political parties that they must conduct their primaries a certain way, and must observe all manner of conditions and rules, that then it follows logically and irresistibly that this same state must come up to the performance of its full duty in the premises by producing the necessary coin with which to hold the second primary, if such a primary is necessary in order to meet the will of the legislative body and of the people.

He further believes that in the final adjudication of the matter the higher courts of the state will hold that the state must go forward with the proposition if it steps in and gives commands governing and regulating the primaries of the political parties. The question of how the will of a majority of the people shall be learned respecting the claims of the two survivors of the first United States senatorial primary has been engaging attention for some time, and many are giving to the proposition the same careful study and scrutiny that Mr. Moore is doing, albeit he has probably made a closer study of matters of this kind than the average Waco citizen.

## Locate Mexican in Missouri Wanted in Waco for Murder.

Deputy Sheriff J. M. Morgan left yesterday evening for Jefferson City, Mo., where he will take charge of a Mexican, Gerald Artezone, wanted here on a charge of murder, the indictment having been found by the grand jury a little more than three years ago, but Artezone had sought other climes and it was only recently that Sheriff Fleming located him in Jefferson City penitentiary, where he had been placed on a charge of misconduct.

It was stated by Deputy Sheriff Lee Jenkins yesterday that Artezone is wanted in not less than half a dozen murder charges in Texas alone, while one such charge is pending against him in Oklahoma, so that he is a badly wanted hombre in this section of the world. Photographs of the Mexican are in possession of the sheriff's office here, and these show a very determined and swarthy face. The McLennan county officers never let up in their search for him, and he was finally located after persistent and extensive efforts.

He is wanted in Waco on a grand jury indictment, charging him with the murder on Bridge street of Frank Garcia. It is alleged that Garcia was stabbed on April 2, 1913, dying July 28 of the same year.

## PLANNING FOR FIRST DAY OF BALL SEASON

Y. M. B. L. DIRECTORS WILL APPOINT TEAMS TO WORK FOR ATTENDANCE.

## PLANS FOR THE CONVENTIONS

May Use Sightseeing Street Cars for Showing Waco to Convention Visitors.

Appointing a committee of five to ask local merchants to close their places of business at 4 o'clock on the afternoon of April 18, opening day of the Texas league in this city, was among the principal matters of business which was given attention last night at the regular weekly meeting of the board of directors of the Young Men's Business League. J. J. Hutchison, chairman of the committee in charge of the preparations, was present and requested President Duncan to name this committee. He was later on the league would be requested to appoint ten teams of three men each to sell tickets to the game as the proceeds would be used in defraying the expenses of the erection of the grand stand which was recently completed.

Some time ago the league was asked to help raise funds to erect the grand stand and the directors decided that they be given the opening day to sell as many tickets as they could and apply the money on the project. Charley Turner of the baseball association has stated that no passes will be admitted to the game and all late receipts will go toward the expenses of the grand stand. President Duncan appointed the following committee after the meeting adjourned, which will urge the merchants to close at 4 p. m. on the opening day in order to allow all their employees to attend the game: C. P. Link, chairman; Robert Dupree, J. J. Hutchison, Charley Turner and W. T. Wheeler.

Mr. Hutchison said that the winning team in the ticket selling contest would be awarded a season pass to the baseball park, the team which would be the member the pass should be awarded to. The appointment of R. E. L. Montgomery as finance chairman was ratified by the directors.

While on the floor Mr. Hutchison also made a report in regard to printing the Brazos river navigation report. The report which will be printed will be financed by the Chamber of Commerce, the Young Men's Business League and appropriation from the city. Although the facts for the report have been secured the reports are not yet printed and the league last night instructed the treasurer to turn over the league's proportion to be turned over to those promoting the printing of the statistics.

### NEW EDITOR OF NEWS IS SPEAKER

S. G. Senter, editor of the Morning News, who assumed this capacity Friday, was introduced to the league and upon the request of President Duncan made a brief talk. He stated that for some time he had seen the possibilities of a great statewide newspaper in Waco and that he believed the field was ripe for such an enterprise here. He spoke of Waco's unlimited products and declared that there probably was no section of land in the United States which could eclipse the section lying within a 100-mile radius of Waco. With its centrally located position, Mr. Senter pictured a splendid future for this city. He closed by saying: "The News would do all it could to carry the name of Waco over the state to the Rio Grande on the south, the Red river on the north, El Paso on the west, and Texarkana on the east. Following Mr. Senter's talk President Duncan declared a recess in order that the directors could meet him personally.

W. V. Crawford, chairman of the committee that was recently named to prepare for the summer trade trips, reported that the committee was at work on the plans which would be submitted to the directors as soon as the committee on the railroad had secured the information in regard to the rates. James Hays quipped addressed the directors, asking that they Y. M. B. L. co-operate in giving a dinner to the Girls' Canning club of McLennan county, who show considerable development in their work in the last few months. He stated that the domestic science class of the Waco high school had volunteered to serve that dinner. The matter was referred to a committee consisting of W. A. Poage, B. Fiske Wright, F. E. Goodman, Frank Trau and W. H. Hoffmann.

### WOULD AID IN GOOD ROAD GOSPEL.

J. Farley gave a talk in which he stated that people of Navarro county that were promoting good road movements in that section of the state desired the Waco Y. M. B. L. to send them some information dealing with the plans which this organization carried out in the McLennan county campaign for McLennan county, which was endorsed by the directors who will assist the citizens of that county in the project and may send some speakers to this county during the campaign for better roads.

W. P. Killingsworth, representing the Christian church, asked the directors to furnish automobiles to give the delegates to the state convention of Christian churches which will convene here May 8, 9, 10 and 11, an automobile ride over the city one of the convention days. He said that probably as many as 100 delegates would attend the convention. This matter was turned over to the entertainment committee to work in co-operation with the entertainment committee in securing automobiles to take the visitors to the city.

W. W. Naman, chairman of the committee that has been investigating installing a white way in Waco, reported that the committee had been at work on plans for the white way and that a meeting would be held this morning, at which time more definite action would likely be taken.

W. W. Naman, chairman of the committee that is planning to conduct a Young Women's Christian association to be organized here, asking that the league have a representative present at a mass meeting Sunday morning at the First Baptist church in the interest of the association. The letter said the presidents of the various organizations would be asked to be present or to have a representative present.

### LEAGUE WILL JOIN B. I. M. I. T. ASSOCIATION.

Frank J. Trau, chairman of the home industry committee, reported that the association from the secretary of the Buy It Made in Texas association for the Y. M. B. L. to join the organization had been turned over to the committee. The report of the committee, which was adopted, was for the league to join the organization.

Announcement was made that the state Y. M. B. L. association would meet in Temple April 26 and 27. W. V. Crawford, president of the league, reported that he would be well represented at the convention. A committee to get up a workable plan for the league to join the association was named. Members of this committee are W. T. Wheeler, W. V. Crawford, W. W. Naman, Dr. C. P. Schenck and W. A. Poage.

Mr. Crawford suggested that a committee be appointed to investigate having a sight-seeing street car installed here, which would help entertain delegates and visitors to this city. He mentioned that street car lines were laid to the principal parts of the city and that by a systematic route visitors could be shown the city almost as good by trolley car as by automobile. He pointed out Robert Dupree, J. W. Carlin and Will Edmonds as a committee to investigate such a plan.

A letter was read from H. M. Butler, Boy Scout expert from New York City, who headed the recent campaign here for the use of the league hall during the campaign, and for other courtesies shown by leagues as an organization and individuals.

A letter was read from William Howard Taft, asking the league to have a representative present at the peace meeting in New York City May 26 and 27. No definite action was taken in regard to the letter. W. H. Hoffmann, chairman of the publicity committee, said the new stationery for the league had been printed. At the top of the stationery is a bird-eye view of the city.

MAYOR JOHN DOLLINS

Formerly elected mayor of Waco yesterday and whose promise is to give the city an efficient and business-like administration, with "Co-operation" as his slogan.

Very little "scratching" was done on the city democratic ticket in the regular city election yesterday and a very light vote was cast. The total vote polled over the city was only 429, the third ward leading with a total of 104 ballots and the second ward coming next with 100 ballots.

With John Dollins for mayor, the party's other nominees were elected practically unanimously. As follows: John Dollins, mayor; City commissioners, J. P. Stamp and J. D. Harlow; city recorder, George W. Cole; water commissioners, R. M. Ligon and F. M. Coates; J. K. Strecker, chairman of city democratic executive committee; Joe Taylor, Jr., E. M. Almsworth, S. J. Flood, J. M. Miller, W. P. Driskell and A. W. Seales, democratic committee.

Polling places and presiding officers in the election were: First ward, city hall, W. G. Carlisle; second ward, West End fire station, H. L. Quinn; third ward, Cameron building, Eighth and Mary streets, Henry Stubblefield; fourth ward, Terminal Hotel, Third and Mary streets, J. A. Leftwich; fifth ward, East Waco fire station, William Reese; sixth ward, North Ninth street station, Bradford Hancock.

It was generally understood last night that the formal installation of the mayor and the administration would take place next Saturday, but this will not be officially determined until the

### NEW MAYOR HAS PROGRESSIVE PLANS.

"I feel very grateful to my friends and the particular form in which I expect to show my appreciation for the honor of being made chief executive of this city is to try to make this administration stand out boldly for its business methods and efficiency," said Mayor Dollins last night. He declared that he desired to make it an administration of co-operation with all of the forces of the city that work toward the mutual upbuilding of the community. Appointments, he declared, would be made with the idea of better service in the departments on a basis of fitness.

"So far as it is possible, I mean to see that all useless expenses are eliminated and that the heads of departments, especially, be men who are capable of giving efficient management. In all probability a complete inventory of all the city's property in the way of equipment, from monkey-wrench to a steam engine, will be made, and a similar inventory each three months thereafter. Each department head will be responsible for the equipment in his line and will have to account for it. I am confident that this will save the city something like \$3000 annually."

### DOLLINS HAS GROWN UP WITH CITY.

The newly elected mayor first came to Waco in 1878, when the city boasted of 4400 inhabitants. He has been a resident of the city for thirty-two years and a resident of the county for thirty-eight years, having come to Texas from his native state of Kentucky when a lad of thirteen. His entrance into political life was simultaneous with the first Cotton Palace in Waco when Mr. Dollins went on the police force as a patrolman. After serving as a policeman for a little over four years, he was made head of the department. He served as chief of police for eight years. After remaining in city politics for about seven years, he ran for city commissioner in 1913 and was elected as police commissioner. During the past administration he has served as street commissioner.

Mr. Dollins will be Waco's twenty-first mayor, and the administration will be the twenty-fourth. Waco's roster of mayors is as follows: J. W. Smith, T. J. Jones, W. D. Chambers, R. N. Goode, E. A. McKinney, J. B. Mullens, C. B. Byrd, E. F. Tarr, Jacob Long, John C. West, A. J. Byrd, E. A. Sturgis, W. H. Wilkes, A. Hinman, C. C. McCulloch, W. H. Wilkes, C. C. McCulloch, J. W. Higgins, Allan D. Sanford, James H. Baker, H. B. Dietrich, James H. Mackey, J. W. Higgins, three mayors having served two terms.

## What is the 7th Point?

From Maine to California, from Texas to Hudson Bay, millions of people have been asking "What is the 7th Point in Sterling Gum?"

In practically every town, city and village in the United States and Canada, the published six points of superiority have brought Sterling Gum fast-growing popularity.

But the seventh point still remains a riddle.

### Point ⑦ What?

Now, we are offering liberal prizes to those who send us the best suggestions for the Sterling Gum Point 7.

Before you make your suggestion for the 7th Point, read the following:

## The Following Story Unfolds the Secret of the Famous Point 7

To most people chewing gum is a mystery. They may know that different chewing gums are made from different ingredients. But that is about all. Here are facts which we believe you will be glad to know about Sterling Gum:

Your Sterling Gum is made from the following materials:

The basis is the pure sap of the tropical Sapota Tree—a natural gum.

This natural Sapota Tree sap is boiled, sweetened and flavored. The sweetening is simply pure cane sugar and pure corn syrup.

The flavoring is of two kinds—Peppermint (in red

wrappers), Cinnamon (in blue wrappers).

There are some twenty varieties of the mint plant. The Sterling Peppermint is a product of the choicest, smoothest-flavored of these many mint varieties.

The spicy Cinnamon flavor is extracted from the Cassia bush which grows in the tropics.

The sap of the Sapota Tree, the cane sugar, the corn syrup, the Peppermint and Cinnamon flavors all come from the sap of some plant or tree. Nature herself supplies these delicious materials from which your Sterling Gum is made.

### Requirements for Winning Phrase

When you read the above facts on the materials that Sterling Gum is made of, you will know all that it is necessary for you to know in entering this contest.

The first prize will go to the one whose suggestion, based on the above story, most impressively presents the natural purity of Sterling Gum—in the opinion of the judges.

Remember that your suggestion must be in six words or less.

The next best suggestion will win the second prize—and so on down.

It is understood that the Sterling Gum Company will have the right to use the 7 Point suggestions sent in by the prize winners.

The contest is easy to enter. Just think out your way of expressing the 7th Point. Then write it out in six words or less and send it in as directed in the conditions printed below. Even if you don't win the first prize of \$1,000, you stand a chance to win one of the 7,777 smaller prizes.

## PLANS FOR THE CONVENTIONS

May Use Sightseeing Street Cars for Showing Waco to Convention Visitors.

Appointing a committee of five to ask local merchants to close their places of business at 4 o'clock on the afternoon of April 18, opening day of the Texas league in this city, was among the principal matters of business which was given attention last night at the regular weekly meeting of the board of directors of the Young Men's Business League. J. J. Hutchison, chairman of the committee in charge of the preparations, was present and requested President Duncan to name this committee. He said that later on the league would be requested to appoint ten teams of three men each to sell tickets to the game as they could and apply the money on the project. Charley Turner of the baseball association has stated that no passes will be admitted to the game and all gate receipts will go toward the expenses of the game. President Duncan appointed the following committee after the meeting adjourned, which will urge the merchants to close at 4 p. m. on the opening day in order to allow all the employees to attend the game: C. P. Link, chairman; Robert Dupree, J. J. Hutchison, Charley Turner and W. T. Wheeler.

Mr. Hutchison said that the winning team in the ticket selling contest would be awarded a season pass to the baseball park, the team to decide what member the pass should be awarded to. The appointment of R. E. L. Montgomery as finance chairman was ratified by the directors. While on the floor Mr. Hutchison also made a report in regard to printing the Brazos river navigation report. The report which will be printed and financed by the Chamber of Commerce, the Young Men's Business League and appropriation from the city. Although the facts for the report have been secured the reports are not yet printed and the league last night instructed the treasurer to allow the league's proportion to be turned over to those promoting the printing of the statistics.

## NEW EDITOR OF NEWS IS SPEAKER.

S. G. Senter, editor of the Morning News, who assumed this capacity Friday, was introduced to the league and upon the request of President Duncan made a brief talk. He stated that at some time he had seen the possibilities of a great statewide newspaper in Waco and that he believed the field was ripe for such an enterprise here. He spoke of Waco's unlimited products and declared that there probably was no section of land in the United States which could eclipse the section lying within a 100-mile radius of Waco. With its centrally located position, Mr. Senter pictured a splendid future for this city. He closed by saying that the News would do all it could to carry the name of Waco over the state to the Rio Grande on the south, the Red river on the north, El Paso on the west and Texarkana on the east. Following Mr. Senter's talk, President Duncan declared a recess in order that the directors could meet him personally. W. V. Crawford, chairman of the committee that was recently named to prepare for the summer trade trips, reported that the committee was at work on the plans which would be submitted to the directors as soon as the committee on the railroads had secured the information in regard to the rates. James Hays quipped addressed the directors, asking that the Y. M. B. L. cooperate in giving a dinner to the Grand Canning club of McLennan county, who show considerable development in their work in the last few months. He stated that the domestic science class of the Waco high school had volunteered to serve the dinner. The matter was referred to a committee consisting of W. A. Foster, F. E. Wright, F. E. Goodman, Frank Trau and W. H. Hoffmann.

## WOULD AID IN GOOD ROAD GOSPEL.

F. Farley gave a talk in which he stated that people of Navarro county that were promoting good road movements in that section of the state desired the Waco Y. M. B. L. to send them some information dealing with the plans which this organization carried out in the successful good roads campaign for McLennan county was endorsed by the directors who will assist the citizens of that county in the project and may send some speakers to this county during the campaign for better roads.

W. P. Killingsworth, representing the Christian church, asked the directors to furnish automobiles to give the delegates to the state convention of Christian churches which will convene here May 8, 9, 10 and 11, an automobile ride over the city one of the convention days. He said that probably many as 400 delegates would attend the convention. This matter was turned over to the entertainment committee to work in co-operation with the entertainment committee of the convention in securing automobiles to show the visitors the city.

## LEAGUE WILL JOIN S. I. M. I. T. ASSOCIATION.

Frank J. Trau, chairman of the home industry committee, reported that invitation from the secretary of the Buy U. S. Made in Texas association for the Y. M. B. L. to join the organization had been turned over to the committee. He mentioned that the committee, which was adopted, was for the league to join the organization.

Announcement was made that the state Y. M. B. L. April 26 and 27. W. V. Crawford, president of the state association, said that several cities were to be shown to the committee to get up a delegation from here was appointed. Members of this committee are: W. H. Hoffmann, W. V. Crawford, Sunday School, Dr. C. P. Link, Schenck and W. A. Poague.

Mr. Crawford suggested that a committee be appointed to investigate having a sight-seeing street car installed here, which would help entertain delegates and visitors to this city. He mentioned that street car lines were laid to the principal parts of the city and that by a systematic route visitors could be shown the city as good by automobile. President Duncan appointed Robert Dupree, J. W. Carlin and Will Edmonds a committee to investigate such a plan.

A letter was read from H. M. Butler, Boy Scout expert from New York City, who headed the campaign here, thanking the league for its co-operation and for the use of the league hall during the campaign and for other courtesies shown by the league as an organization and as individuals.

## NEW MAYOR HAS PROGRESSIVE PLANS.

“I feel very grateful to my friends and the particular form in which I expect to show my appreciation for the honor of being made chief executive of this city is to try to make the administration stand out boldly for its business methods and efficiency,” said Mayor Dollins last night. He declared that he desired to make it an administration of co-operation with all of the forces of the city that work toward the mutual upbuilding of the community. Appointments, he declared, would be made with the idea of better service in the departments on a basis of fitness.

## “So far as it is possible, I mean to see that all useless expenses are eliminated and that the heads of departments, especially, be men who are capable of giving efficient management in all probability a complete inventory of all the city's property in the way of equipment, from monkey-wrench to a steam engine will be made, and a similar inventory each three months thereafter.” Each department head will be responsible for the equipment in his line and will have to account for it. I am confident that this will save the city something like \$3000 annually.”

## DOLLINS HAS GROWN UP WITH CITY.

The newly elected mayor first came to Waco in 1878, when the city boasted of 4000 inhabitants. He has been a resident of the city for thirty-two years and a resident of the county for thirty-eight years, having come to Texas from his native state of Kentucky when a lad of thirteen. His entrance into political life was simultaneous with the first Cotton Palace in Waco when Mr. Dollins went on the police force as a patrolman. After serving as a policeman for a little over four years, he was made head of the department. He served as chief of police for eight years. After remaining in city politics for about seven years, he ran for city commissioner in 1913 and was elected as police commissioner. During the past administration he has served as street commissioner.

Mr. Dollins will be Waco's twenty-first mayor, and the administration will be the twenty-fourth. Waco's roster of mayors was as follows: J. W. Smith, J. J. Jones, W. D. Chambers, R. N. Goode, E. A. McKinney, I. N. Mullens, C. B. Way, B. F. Tarris, Jacob Long, John C. West, A. J. Wyke, E. A. Sturgis, W. H. Wilkes, H. H. Hinchman, C. C. McCulloch, W. H. Wilkes, C. C. McCulloch, J. W. ## What is the 7th Point?

From Maine to California, from Texas to Hudson Bay, millions of people have been asking “What is the 7th Point in Sterling Gum?”

In practically every town, city and village in the United States and Canada, the published six points of superiority have brought Sterling Gum fast-growing popularity.

But the seventh point still remains a riddle.

## Point 7 What?

Now, we are offering liberal prizes to those who send us the best suggestions for the Sterling Gum Point 7.

Before you make your suggestion for the 7th Point, read the following:

## The Following Story Unfolds the Secret of the Famous Point 7

To most people chewing gum is a mystery. They may know that different chewing gums are made from different ingredients. But that is about all. Here are facts which we believe you will be glad to know about Sterling Gum:

Your Sterling Gum is made from the following materials:

The basis is the pure sap of the tropical Sapota Tree—a natural gum.

This natural Sapota Tree sap is boiled, sweetened and flavored. The sweetening is simply pure cane sugar and pure corn syrup.

The flavoring is of two kinds—Peppermint (in red

wrappers), Cinnamon (in blue wrappers).

There are some twenty varieties of the mint plant. The Sterling Peppermint is a product of the choicest, smoothest-flavored of these many mint varieties.

The spicy Cinnamon flavor is extracted from the Cassia bush which grows in the tropics.

The sap of the Sapota Tree, the cane sugar, the corn syrup, the Peppermint and Cinnamon flavors all come from the sap of some plant or tree. Nature herself supplies these delicious materials from which your Sterling Gum is made.

It is understood that the Sterling Gum Company will have the right to use the 7th Point suggestion sent in by the prize winners.

## Requirements for Winning Phrase

When you read the above facts on the materials that Sterling Gum is made of, you will know all that is necessary for you to know in entering this contest.

The first prize will go to the one whose suggestion, based on the above story, most impressively presents the natural purity of Sterling Gum—in the opinion of the judges.

Remember that your suggestion must be in six words or less.

The next best suggestion will win the second prize—and so on down.

The contest is easy to enter. Just think out your way of expressing the 7th Point. Then write it out in six words or less and send it in as directed in the conditions printed below. Even if you don't win the first prize of \$1,000, you stand a chance to win one of the 7,777 smaller prizes.

## CALOMEL IS MERCURY, IT SICKENS!

## CLEAN LIVER AND BOWELS GENTLY

Don't lose a day's work! If your liver is sluggish or bowels constipated take "Dodson's Liver Tone."

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, and you lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back

guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is a real liver medicine. You'll know the next morning, because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

## Pastor Tells Why Man Does Not See the God of Heaven.

"Why the World Does Not See God" was the theme of Pastor H. L. Munger at the Morrow Street Methodist church revival last night. The pastor threw his soul into his message.

Some of the reasons "why the world does not see God" were: "The world is too busy to see Him. They have time to do everything but to seek the kingdom of heaven. They do not see God because the heart is so clouded by sin that it shuts out the sunshine of His face. It is strange that men should be constantly seeking something and that something is so easily obtained and yet men do not

find it. Any sense may be lost because of disease.

"Men do not see God because they do not want to see Him. That vision costs something and men are not willing to pay the price. The process is gradual in spiritual blindness; first men won't see, then they don't see and then they can't see. Spiritual blindness has become complete."

The speaker then told of what a vision of God does for a man. "It increases his reverence for divine things, for religion and for God," he said. "It makes him truly humble; not cringing or fawning, but humble because he has realized the limitations of his best. A vision of God transforms the life. No man can see God without getting a higher conception of life and its possibilities. No man can see God without truly longing to live a better life and making an effort to live that life. A vision of God is the source of all consecration."

Mr. Munger closed with a beautiful illustration of the consecrated life of a noted mill owner's daughter, who left home and wealth and luxury and fashion to devote herself to teaching the lost women of China the way of life. Mrs. Munger sang Gabriel's inspiring song, "From Sinking Sand, He Lifted Me."

## SCHOOL CENSUS OF WACO SHOWS TOTAL OF 8211 CHILDREN

Increase in White Children of School Age is 781 Over Last Year.

An increase of 781 white children is shown in the scholastic census for Waco which was announced yesterday by Secretary E. H. Vaden of the Waco school board. This gives a total of 8,211 children of school age in the city, as compared with a total of 7,430 for 1915. These figures are not final, as the tabulations may contain a few duplications because of the shifting of the children from one district to another, but the formal report is expected to show very little change from the totals that were announced yesterday.

The census shows 6,315 white children of scholastic age, and 1,896 negro children. For 1915 the total white enrollment was 5,549 and 1,881 for the negroes.

The increase this year is altogether among the white children of the city, a decrease being apparent among the negroes. The scholastic age this year is between 7 and 18 years of age, while for the last few years children of from 7 to 17 have been included in the scholastic census.

The work of completing the census required all of the month of March. An increase among the white children is shown in every district save the fourth, where a slight falling-off is noted.

The compulsory school attendance law passed by the last session of the legislature becomes effective with the beginning of the next school year, beginning in September.

The census by districts for 1915-16, as furnished by Mr. Vaden yesterday, follows:

District	White	Negro	Total
First District—	386	249	635
1915.....	358	334	692
Second District—	743	117	860
1915.....	710	102	812
Third District—	870	323	1,193
1915.....	726	261	987
Fourth District—	590	520	1,110
1915.....	536	468	1,004
Fifth District—	788	484	1,272
1915.....	665	514	1,179
Sixth District—	578	39	617
1915.....	501	47	548
Seventh District—	540	41	581
1915.....	449	37	486
Eighth District—	985	11	996

## Members North Waco Parent-Teachers to Aid Welfare League.

To co-operate with the Waco Welfare league to interest more people in the plan to beautify yards of the city, a committee was appointed yesterday afternoon at the regular monthly meeting of the Parent-Teachers' club of the North Waco school held in the school building. Members of the committee are Mrs. T. D. Whiteman, president of the club; Mrs. W. A. Goodman, Mrs. T. B. Lyster and Mrs. L. B. Bailey.

At the meeting plans were made for the "parcel post sale" which will be held Friday afternoon at 3 o'clock at the school. Members of the club reported that they had sent letters to their friends asking them to send a package to the club to be sold at the affair. The package received will be sold without being unwrapped and the funds realized will be applied on the debt of the piano which was purchased for the school. The committee is following the business session piano solos were given by Miss Edith Fields.

## Yearly Report Boys' Department Y. M. C. A. Made to Committee.

At the monthly meeting of the boys' committee of the local Young Men's Christian association Monday night, the boys' committee, which consists of C. A. Boynton, R. Hood Hill, W. E. Quebec, T. S. Montgomery and E. E. Ingram, were very much elated over the report of the work in the boys' department for the month of March, which showed that more than seven hundred boys had been enrolled in the different activities.

The committee decided it would be better to have separate camps for the boys this summer and that special effort be made in the selection of adult leaders to supervise the camp. It was further decided that the gymnasium exhibit be worked up, admission charged and proceeds be given to the buying of equipment.

Prof. T. S. Montgomery, in reporting the work of the high school clubs, expressed himself as being well pleased with the attendance and interest of the past winter, and urged that the members of the boys' committee attend the third anniversary of the club on next Friday night. Thomas W. Currie and J. L. Hunter will be the speakers at this meeting, and a campaign is being worked out at high school to have every member of the high school club present Friday night. A. J. Flowers read letters from the secretaries of 31 Mart, Corsica, and Temple, which showed a large number of boys are going to attend from these places.

## FUNERAL SERVICES OF C. M. KEMPNER TO BE HELD AT 10 A. M.

C. M. Kempner, aged 69 years, died yesterday morning at a local sanitarium following a stroke of paralysis which had rendered him unconscious since Thursday noon. Funeral services will be held this morning at 10 o'clock from the residence, 1822 Morrow street. The Knights of Pythias, of which Mr. Kempner had been a member for a number of years, will be in charge of the services. Interment will be at Oakwood. Pall bearers will be J. Levinski, John Reed, W. M. Arnold, J. W. Holloway, N. H. Hill, Hall Etter, W. V. Stearns, John W. Connor, W. Levaty, L. E. Carothers, G. T. Minnely, Ed Strauss, J. H. Baknerhoff, H. L. Quilnes, T. C. Edmondson and Frank Sims.

For the last thirty years Mr. Kempner had been a citizen of Waco. He was born in Germany and came to the United States when he was nineteen years of age. Before moving to Waco he was located at Belton. For a number of years he was on the road as a hardware salesman for Ed Strauss, after which he was employed by the Elkel-Breustedt company here. Later he was connected with the E. W. Hietmann company of Houston as a traveling salesman, but returned from the road nearly five years ago. Mr. Kempner is survived by a sister residing near Berlin, Germany, who has been notified of the death of her brother.

## SUMMARY BAPTIST CENSUS TO BE MADE THIS EVENING

Pastor J. M. Dawson is Preaching Series of Sermons on Soul Winning.

Last night at the First Baptist church Pastor J. M. Dawson spoke to an interested audience, giving the second in his series on "Soul-Winning," the subject being "Winning Alien Peoples." The studies are enlisting many of the church in preparation for the revival meeting soon to be conducted in that church by Dr. H. H. Hulten of Oklahoma City.

Following the class in soul-winning last night, William P. Phillips, state Sunday school secretary, spoke on the subject of records in the school, making the statement that rallies and special day observances were of little value in building up and maintaining a large school. "There are no such schools without the price, and the price is efficiency in teaching and administration. What we emphasize and promotes these will make a great school."

Tonight the regular teachers' meeting will be held at 6:15 and the lecture at 6:45 will be "Winning People to Christ Through the Sunday School." At 8 p. m. Mr. Phillips will present a summary of the city-wide census, showing just the religious conditions of the city and the challenge of facts to the churches.

## STATE CONVENTION CALL IS ISSUED

SECRETARY OF DEMOCRATIC EXECUTIVE COMMITTEE SENDS OUT OFFICIAL NOTICES.

Texas Democrats to Gather in San Antonio, May 23 and Elect Delegates to Chicago.

Calls for precinct, county and state primaries have been mailed out from Houston by Charles J. Kirk, secretary of the state democratic executive committee. The state convention, as announced heretofore, will be held in San Antonio, May 23. The call, in full, is as follows:

"Dallas, Texas, March 30, 1916.—To the Democrats of Texas: Under and by virtue of the authority vested in me as chairman of the democratic state executive committee of the state of Texas and the laws of the state of Texas, and in accordance with resolutions adopted by the democratic state executive committee at a meeting of said committee held in the city of Dallas on this date, a state democratic convention is hereby called, to meet in the city of San Antonio in Bexar county, Texas, on the fourth Tuesday in May, same being the 23rd day of May, 1916, for the purpose of electing forty delegates to represent the democratic party of the state of Texas at the democratic national convention to be held in the city of St. Louis, Mo., on the 14th day of June, 1916, and to elect a member of the national democratic executive committee from Texas and to nominate electors-at-large and from districts and to transact such other business as may properly and lawfully come before said convention.

"The democrats of the state will hold their primary conventions in the precincts of the various counties as the time, places and in the manner required by law, to send delegates to the state convention, hereby called to meet in the city of San Antonio, and the respective executive committee of the various counties of the state are hereby requested to take such action as may be necessary to conform to the law and to insure by proper safeguards the fair, full and complete expression of the democrats of their respective counties, and by appropriate and legal methods see that none but democrats participate in their respective primaries.

"Respectfully submitted,  
"Chairman State Democratic Executive Committee.  
"CHARLES J. KIRK, Secy."

## No Trouble to Remove Superfluous Hair

(Toilet Tips.) It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered talc, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real delatone.

## Dr. Barton With Ferguson Strong on Primary Ideas

Commending unqualifiedly the statement in the public press yesterday in which Governor Ferguson took occasion to verbally flay certain politicians which he alleged were attempting to nullify the will of the people in the senatorial election, Dr. A. J. Barton, secretary of the Anti-Saloon League of Texas, in a terse interview yesterday on the senatorial race, gave one of his first warm commendations of the governor since he went into office. The senatorial primary is one that is near to the heart of the anti-saloon leader, and he spoke without mincing words. Dr. Barton charges that "certain sinister influences" are at work in Texas to bring discredit on the whole primary system and the poll tax requirements.

"I wish to approve and commend most heartily the statement in the press today from Governor Ferguson in which he condemns the present effort on the part of certain politicians and political influences to thwart the will of the people in the senatorial race," Dr. Barton said. "The law is plain and specific that no man's name can go on the ballot in the general election unless he shall have received a majority of the votes in the primary of his party. This is the main feature of the law. All other questions such as to how the expenses of the primary should be borne are incidentals. I think Governor Ferguson is right in his suggestion as to the spirit and purpose of the present movement to nullify the present senatorial primary law. I will go further and say that the attempted nullification of this law is only a part of a large plan by which certain sinister influences in Texas hope to do away with the poll tax law and indeed with the whole primary system, with a view to re-establishing the old convention system and with the hope that they can pack conventions and control politics in the interests of organized liquor power and other special interests.

"The entire prohibition forces of the state will stand against this scheming effort of self-seeking politicians and will stand for the upholding and even for the strengthening of every law which has been placed on the statutes for the purity of the ballot.

"This ought to be the position of every good citizen in the state, whatever may be his views on prohibition."

## CALOMEL IS MERCURY, IT SICKENS!

## CLEAN LIVER AND BOWELS GENTLY

Don't lose a day's work! If your liver is sluggish or bowels constipated take "Dodson's Liver Tone."

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated, breath bad, stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, and you lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back

guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is a real liver medicine. You'll know the next morning, because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

## Pastor Tells Why Man Does Not See the God of Heaven.

"Why the World Does Not See God" was the theme of Pastor H. L. Munger at the Morrow Street Methodist church revival last night. The pastor threw his soul into his message.

Some of the reasons "why the world does not see God" were: "The world is too busy to see Him. They have time to do everything but to seek the kingdom of heaven. They do not see God because the heart is so clouded by sin that it shuts out the sunshine of His face. It is strange that men should be constantly seeking something and that something is so easily obtained and yet men do not

find it. Any sense may be lost because of disuse.

"Men do not see God because they do not want to see Him. That vision costs something and men are not willing to pay the price. The process is gradual in spiritual blindness; first men won't see, then they don't see and then they can't see. Spiritual blindness has become complete."

The speaker then told of what a vision of God does for a man. "It increases his reverence for divine things, for religion and for God," he said. "It makes him truly humble; not cringing or fawning, but humble because he has realized the limitations of his best. A vision of God transforms the life. No man can see God without getting a higher conception of life and its possibilities. No man can see God without truly longing to live a better life and making an effort to live that life. A vision of God is the source of all consecration."

Mr. Munger closed with a beautiful illustration of the consecrated life of a noted mill owner's daughter, who left home and wealth and luxury and fashion to devote herself to teaching the lost women of China the way of life. Mrs. Munger sang Gabriel's inspiring solo, "From Sinking Sands, He Lifted Me."

## SCHOOL CENSUS OF WACO SHOWS TOTAL OF 8211 CHILDREN

Increase in White Children of School Age is 781 Over Last Year.

An increase of 781 white children is shown in the scholastic census for Waco which was announced yesterday by Secretary E. H. Vaden of the Waco school board. This gives a total of 8,211 children of school age in the city, as compared with a total of 7,430 for 1915. These figures are not final, as the tabulations may contain a few duplications because of the shifting of the children from one district to another, but the formal report is expected to show very little change from the totals that were announced yesterday.

The census shows 6,315 white children of scholastic age, and 1,896 negro children. For 1915 the total white enrollment was 5,539 and 1,881 for the negroes.

The increase this year is altogether among the white children of the city, a decrease being apparent among the negroes. The scholastic age this year is between 7 and 18 years of age, while for the last few years children of from 7 to 17 have been included in the scholastic census.

The work of completing the census required all of the month of March. An increase among the white children is shown in every district save the fourth, where a slight falling-off is noted.

The compulsory school attendance law passed by the last session of the legislature becomes effective with the beginning of the next school year, beginning in September.

The census by districts for 1915-16, as furnished by Mr. Vaden yesterday, follows:

	White	Negro	Total
First District—	386	249	535
1915.....	358	334	692
Second District—	743	117	860
1915.....	710	102	812
Third District—	870	323	1,193
1915.....	726	261	987
Fourth District—	590	520	1,110
1915.....	535	468	1,004
Fifth District—	788	484	1,272
1915.....	665	514	1,179
Sixth District—	578	29	617
1915.....	501	47	548
Seventh District—	540	41	581
1915.....	449	37	486
Eighth District—	985	11	996
1915.....	854	25	879
Ninth District—	328	10	338
1915.....	285	11	296
Tenth District—	359	102	461
1915.....	309	82	392

## Members North Waco Parent-Teachers to Aid Welfare League.

To co-operate with the Waco Welfare league in the plan to beautify yards of the city, a committee was appointed yesterday afternoon at the regular monthly meeting of the Parent-Teachers' club of the North Waco school held in the school building.

Members of the committee are Mrs. T. D. Whiteman, president of the club; Mrs. W. A. Goodman, Mrs. T. B. Lyster and Mrs. L. B. Bailey.

At the meeting plans were made for the "parcel post sale" which will be held Friday afternoon at 3 o'clock at the school. Members of the club reported that they had sent letters to their friends asking them to send a package to the club to be sold at the affair. The package received will be sold without being unwrapped and the funds realized will be applied on the debt of the piano which was purchased for the school.

Following the business session piano solos were given by Miss Edith Fields.

## Yearly Report Boys' Department Y. M. C. A. Made to Committee.

At the monthly meeting of the boys' committee of the local Young Men's Christian association Monday night, the boys' committee, which consists of C. A. Boynton, B. Hood Hill, W. F. Quebe, T. S. Montgomery and E. E. Ingram, were very much elated over the report of the work in the boys' department for the month of March, which showed that more than seven hundred boys had been enrolled in the different activities.

The committee decided it would be better to have separate camps for the boys this summer and that special effort be given in the selecting of adult leaders to supervise the camp. It was further decided that the symposium exhibit be worked up, admission charged and proceeds be given to the buying of equipment.

Prof. T. S. Montgomery, in reporting the work of the high school clubs, expressed himself as being well pleased with the attendance and interest of the past winter, and urged that the members of the boys committee attend the third anniversary of the club on next Friday night. Thomas W. Currie and J. L. Hunter will be the speakers at this meeting, and a campaign is being worked out at high school to have every member of the high school club present Friday night.

A. J. Flowers read letters from the secretaries of Mart, Corsicana and Temple, which showed a large number of boys are going to attend from these places.

## FUNERAL SERVICES OF C. M. KEMPNER TO BE HELD AT 10 A. M.

C. M. Kempner, aged 69 years, died yesterday morning at a local sanitarium following a stroke of paralysis which had rendered him unconscious since Thursday noon. Funeral services will be held this morning at 10 o'clock from the residence, 1822 Morrow street. The Rev. J. H. Pythias, of which Mr. Kempner had been a member for a number of years, will be in charge of the services. Interment will be at Oakwood. Pall bearers will be J. Levin, John Reed, W. M. Arnold, J. W. Holloway, N. H. Hill, Hall Etter, W. V. Stearns, John W. Connor, W. Leavitt, L. E. Carothers, G. T. Minnely, Ed Strauss, J. H. Bakkerhoff, H. L. Quisenberry, T. C. Edmondson and Frank Sims.

For the last thirty years Mr. Kempner had been a citizen of Waco. He was born in Germany and came to the United States when he was nineteen years of age. Before moving to Waco, he was located at Belton. For a number of years he was on the road as a hardware salesman for Ed Strauss, after which he was employed by the Electric company here. Later he was connected with the F. W. Hietmann company of Houston as traveling salesman, but returned from the road nearly five years ago.

He was survived by a sister residing near Berlin, Germany, who has been notified of the death of her brother.

## SUMMARY BAPTIST CENSUS TO BE MADE THIS EVENING

Pastor J. M. Dawson is Preaching Series of Sermons on Soul Winning.

Last night at the First Baptist church Pastor J. M. Dawson spoke to an interested audience, giving the second in his series on "Soul-Winning," the subject being "Winning Alien Peoples." The studies are enlisting many of the church in preparation for the revival meeting soon to be conducted in that church by Dr. H. H. Hulsten of Oklahoma City.

Following the class in soul-winning last night, William P. Phillips, state Sunday school secretary, spoke on the subject of records in the school, making the statement that rallies and special day observances were of little value in building up and maintaining a large school. "There are no such schools without the price, and the price is efficiency in teaching and administration. Whatever emphasizes and promotes these will make a great school."

Tonight the regular teachers' meeting will be held at 6:15 and the lecture at 6:45 will be "Winning People to Christ Through the Sunday School." At 8 p. m. Mr. Phillips will present a summary of the city-wide census, showing just the religious conditions of the city and the challenge of facts to the churches.

## STATE CONVENTION CALL IS ISSUED

SECRETARY OF DEMOCRATIC EXECUTIVE COMMITTEE SENDS OUT OFFICIAL NOTICES.

Texas Democrats to Gather in San Antonio, May 23 and Elect Delegates to Chicago.

Calls for precinct, county and state primaries have been mailed out from Houston by Charles J. Kirk, secretary of the state democratic executive committee. The state convention, as announced heretofore, will be held in San Antonio, May 23. The call, in full, is as follows:

"Dallas, Texas, March 30, 1916.—To the Democrats of Texas: Under and by virtue of the authority vested in me as chairman of the democratic state executive committee of the state of Texas and the laws of the state of Texas, and in accordance with resolutions adopted by the democratic state executive committee at a meeting of said committee held in the city of Dallas on this date, a state democratic convention is hereby called, to meet in the city of San Antonio in Bexar county, Texas, on the fourth Tuesday in May, same being the 23rd day of May, 1916, for the purpose of electing forty delegates to represent the democratic party of the state of Texas at the democratic national convention to be held in the city of St. Louis, Mo., on the 14th day of June, 1916, and to elect a member of the national democratic executive committee from Texas and to nominate electors-at-large and from districts and to transact such other business as may properly and lawfully come before said convention.

"The democratic party will hold their primary conventions in the precincts of the various counties as the time, places and in the manner required by law, to send delegates to their respective county conventions. Such county conventions will be held in the manner and at the times and places required by law to send delegates to the state convention, hereby called to meet in the city of San Antonio, and the respective executive committee of the various counties of the state are hereby requested to take such action as may be necessary to conform to the law and to insure by proper safeguards the fair, full and complete expression of the democrats of their respective counties, and by appropriate and legal methods see that none but democrats participate in their respective primaries.

"Respectfully submitted,  
"PAUL WAPLES,  
"Chairman State Democratic Executive Committee."  
"CHARLES J. KIRK, Secy."

## No Trouble to Remove Superfluous Hair

(Toilet Tips.)

It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered deodorant, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real deodorant.

## Dr. Barton With Ferguson Strong on Primary Ideas

Commending unqualifiedly the statement in the public press yesterday in which Governor Ferguson took occasion to verbally flay certain politicians which he alleged were attempting to nullify the will of the people in the senatorial election, Dr. A. J. Barton, secretary of the Anti-Saloon League of Texas, in a terse interview yesterday on the senatorial race, gave one of his first warm commendations of the governor since he went into office. The senatorial primary is one that is near to the heart of the anti-saloon leader, and he spoke without mincing words. Dr. Barton charges that "certain sinister influences" are at work in Texas to bring discredit on the whole primary system and the poll tax requirements.

"I wish to approve and commend most heartily the statement in the press today from Governor Ferguson in which he condemns the present effort on the part of certain politicians to nullify the will of the people in the senatorial race," Dr. Barton said. "The law is plain and specific that no man's name can go on the ballot in the general election unless he shall have received a majority of the votes in the primary of his party. This is the main feature of the law. All other questions such as to how the expenses of the primary should be borne are incidentals."

"I think Governor Ferguson is right in his suggestion as to the spirit and purpose of the present movement to nullify the present senatorial primary law. I will go further and say that the attempted nullification of this law is only a part of a large plan by which certain sinister influences in Texas hope to do away with the poll tax law and indeed with the whole primary system, with a view to re-establishing the old convention system and with the hope that they can pack conventions and control politics in the interests of organized liquor power and other special interests."

"The entire prohibition forces of the state will stand against this scheme of effort of self-seeking politicians and will stand for the upholding and even for the strengthening of every law which has been placed on the statutes for the purity of the ballot."

"This ought to be the position of every good citizen in the state, whatever may be his views on prohibition."

# NAVIGATORS PLAY CHINESE BOYS TODAY NEGRO SAYS KILLED TO DEFEND DAUGHTER

LAST EXHIBITION GAME OF SEAS-  
ON WILL BE CALLED AT 4  
O'CLOCK THIS AFTERNOON.

Armless Baseball Player Will Also  
Give Exhibition of Batting, Throw-  
ing and Catching.

Just a week from today the Navigators  
will start the 1916 season against the  
Panthers at Fort Worth. The last op-  
portunity Waco fans will have to see  
them in action before the curtain rolls  
up on the big show will be this after-  
noon. The Chinese team from Honolulu  
will appear against the local lads and  
an interesting exhibition should be af-  
forded.

The game will be called at 4 o'clock  
instead of at 3:30, as were the other ex-  
hibition games. This is to enable the  
Baylor students time to get to the park  
and see the contest. The Hardyties are  
in first class condition and a good chance  
will be given to see what they look  
like before they start off on their journey.

About all the Chinese boys seem to do  
is to play baseball. They have been beat-  
ing almost every team they have run up  
against and have made some remarkable  
records against strong college aggrega-  
tions. A peculiar feature of the team is  
that they carry no loaves—everybody  
works. For instance, most any of them  
can play any position and it is said they  
leave Honolulu with but ten men and  
cover the greater part of the United  
States without missing a game. If one  
of the pitchers gets hurt, the other one  
is relieved every other day by the catcher  
or first baseman or some other player,  
while the pitcher rests his arm by catch-  
ing or pitching or playing some other  
position. They had an off day yesterday  
and the chances are they'll be able to  
put up a fast game today.

The Chinese line-up is as follows: J.  
Chin, catcher; Ayau, shortstop; Lal, third  
base; Yim, center field; Inman, right  
field; Yen Chin, left field; Doto, first  
base; Ako, second base; Swan and Opa-  
pitchers. Manager Hardy had not deter-  
mined last night what pitcher he would  
use.

An exhibition of batting, catching and  
throwing the ball will be given at Katy  
park just before the game by Frank Mc-  
Keown, an armless man, who plays ball  
without hands. He is not with the Chi-  
nese team, but is giving exhibitions over  
the country and happened to be here on  
the same date.

## Trinity Evens Up With T. C. U. Team.

Special to the Morning News.  
Waxahatchie, April 4.—Trinity came  
back strong with T. C. U. in a second  
game here today and defeated them 8 to  
5. Johnson was the first to draw blood  
for Trinity when he hit for two bases in  
the first inning.  
Sealey pitched a great game, holding  
the visitors to 2 hits and securing seven  
strikeouts. Vaughan for T. C. U. was  
easily for Trinity, allowing eleven hits and  
securing the same number of strikeouts.

DAN FOSTER UNDER ARREST AT  
MARLIN CHARGED WITH  
MURDER OF COUSIN.

Opposition to Bonds Develops—School  
Board Takes Oaths—Fair Grounds  
Sold.

Special to the Morning News.  
Marlin, April 4.—Dan Foster, a ne-  
gro tenant on the Rice farm, was  
lodged in the Falls county jail last  
night, charged with the murder of his  
cousin, Robert Naylor, last night. He  
states he came home after hunting a  
rabbit and found Naylor fighting his  
daughter and that he killed him in the  
scuffle that ensued.

Unusual interest centered in the  
election held today, as in addition to  
the election without opposition of city  
officials, two bond issues were pro-  
posed, one for \$5,000 for the purpose of  
erecting a new pavilion over the hot  
wells, and one for \$12,500, for the pur-  
pose of erecting a city hall. Owing to  
the existence of \$125,000 in bonds al-  
ready voted, which have not been sold,  
and the question as to whether there  
is any more bonding capacity, strong  
opposition developed yesterday and the  
issue was contested.

At the meeting of the Marlin school  
board last night the votes cast in the  
election Saturday were canvassed and  
the election of Judge W. E. Hunnicutt,  
Tom Connally, T. A. Chaves and R. E.  
L. Tomlinson declared. After taking  
oath of office, Judge Hunnicutt was  
re-elected president of the board and  
W. T. Goode, re-elected secretary.

At public auction today, J. P. Gar-  
dner, as trustee, sold the property  
known as the Falls county fair  
grounds, embracing thirty-eight acres,  
stables, houses and race track, for \$3-  
000 to satisfy a claim of \$11,687 held  
by the American Indemnity company  
of Galveston. The property was bid in  
by Frank Oltorf, an attorney for that  
company.

Committee Simply  
Wishes to Follow  
Law, Says Waples.

By the Associated Press.  
Fort Worth, April 4.—Chairman Paul  
Waples of the state democratic ex-  
ecutive committee issued a statement  
today in which he declared that the  
purpose of the adjourned meeting of  
the committee at Hillsboro, April 7,  
was merely for a further discussion  
of the senatorial primary law, the con-  
stitutionality of which has been ques-  
tioned.

The statement was issued in reply to  
a published interview with Gov-  
ernor Ferguson on the question, and  
follows:  
"I see through the morning papers  
that Governor Ferguson is very much  
agitated about the results of the meet-  
ing of the democratic executive com-  
mittee to be held at Hillsboro on the  
seventh instant, and I am very glad  
to note that he will be present on that  
occasion.

In advance, I should like to assure  
him that there is no disposition on the  
part of the committee to do otherwise  
than to follow the law, and in order  
to be sure that we were right, we called  
this second meeting, that all inter-  
ested parties could be heard and a  
proper and correct decision could be  
reached. I do not think the governor  
means to reflect upon either the in-  
tegrity or democracy of any of the  
committee, although his article would  
indicate such a conclusion. I feel per-  
fectly safe in saying that not a single  
member of the committee desires to  
do anything but what is for the in-  
terest of the democratic party of the  
state.

"The trouble is to ascertain just  
what we should do under the law. We  
have, of course, now heard from the  
legislative and executive departments  
of the government on this question;  
but, unfortunately, have not had the  
opinion of the judicial, except inso-  
far as the supreme court has expressed  
itself on the presidential preferential

## Marlin Votes Down Both Bond Issues.

Special to the Morning News.  
Marlin, April 4.—The city election  
resulted in the defeat of both city hall  
and hot wells pavilion issues by ma-  
jorities of 37 and 31 votes, respec-  
tively. The city official ticket re-  
ceived a practically unanimous vote,  
the only new officers elected being L.

## Philharmonic Concertmeister Plays on a Gobetti Violin

Maximilian Pilzer, Concertmeister  
of the New York Philharmonic,  
and his Gobetti Violin.

That considerable sentiment at-  
taches to the ownership of a violin  
from the hands of one of the old mas-  
ter makers of instruments was the  
discovery made by Maximilian Pilzer,  
the youthful concertmeister of New  
York Philharmonic Orchestra, soon to  
be heard here, when he was negotiat-  
ing for the Gobetti instrument which  
he now owns and plays at the Phil-  
harmonic concerts.

Pilzer was a pupil of Joachim, and  
it was with the assistance of that  
celebrated teacher the Gobetti was  
secured. The violin had been a heir-  
loom in the family of the person who  
owned it before Pilzer. When he  
heard there was such an instrument  
on sale an offer was made for it by the  
New York musician, who was then  
hailed as a boy prodigy in musical  
circles.

The owner of the Gobetti said that  
while he was offering the violin for  
sale he would not allow it to pass

from his hands unless the prospective  
owner proved his ability to play the  
instrument, and pledged himself that  
when it left his ownership, if it ever  
did, it would go only into the hands  
of a musician who would bring credit  
to it.

Joseph Joachim answered for his  
young pupil, and when the owner  
heard Pilzer play on it he agreed  
with the celebrated teacher that the  
instrument was in worthy hands.

The violin was built in 1710, in Ven-  
etia, by the Italian master, Francesco  
Gobetti, and it bears a remarkable re-  
semblance to the violins of Antonio  
Stradivari, whose pupil Gobetti is said  
to have been. It is perfectly pre-  
served; the wood grain is very hand-  
some, and the varnish, which is  
transparent, is pale red. Its tone is  
powerful, of great carrying capacity,  
and the quality is singularly sweet.  
A value of \$5,000 has been placed on  
the instrument by reliable judges.

"The Innocence of Ruth."

CAST.  
Mr. Carter.....Edward Earle  
Ruth Travers.....Viola Dana  
Mortimer Reynolds.....Augustus Phillips  
Edna Morris.....L. Dayell  
Togo.....T. Tamamoto

Jimmy Carter, a millionaire, leading  
an idle, indulgent life, gets an urgent  
message from his friend, Reginald  
Travers, who is dying. He has  
been ruined in the stock market by  
Mortimer Reynolds, and penniless, he  
leaves his little daughter in care of  
Carter, who promises faithfully to look  
after her. After the death of Travers,  
Carter takes Ruth to his luxurious  
home and gives her to the motherly  
care of Mrs. Jenkins, his housekeeper.

Mortimer Reynolds, anxious to add  
Ruth to his list of unfortunate in-  
struments between Carter and Ruth.

As time passes, Ruth, by her win-  
some and innocent, gradually  
changes Carter's mode of life. He no  
longer feels an interest in the gay life  
of former days, and even loses his  
taste for the morning nip. Uncon-  
sciously, Ruth is transforming his  
sympathetic, dutiful interest in her to  
love. In a moment of ecstasy, he  
crushes her in his arms. And the plot  
develops.

"The Innocence of Ruth" with Viola  
Dana can be seen at the Rex theatre  
tomorrow and Thursday. The Bray  
cartoon comedy, "Miss Nanny Goat  
Becomes an Aviator," an excruciat-  
ingly funny comedy, will also be shown.

Eleanore Cochran, Soprano.

Miss Eleanore Cochran is one of the  
American singers who were better  
known in Europe than they were in  
their native land until the unstable  
conditions of the continental war drove  
them back to their native land. She  
is a Pittsburg girl and received her  
early education in a convent in that  
city. Her musical talent and the great  
possibilities of her childhood attracted at-  
tention in her childhood, and she  
in addition to her vocal training,  
Miss Cochran studied an extensive  
repertoire of lyric and dramatic roles  
comprising thirty-five operas under  
Theodore Hahlemann, former stage  
manager of the Metropolitan Opera  
company, and Walter Kieseewetter.

Further studies under Jean de Reszke  
in Paris and the late Frank King  
Clark in Berlin fitted her for the emi-  
nent place she is now occupying in  
the American concert world.

Miss Cochran is a soloist and a  
member of the quartette which will

## NAVIGATORS PLAY CHINESE BOYS TODAY

LAST EXHIBITION GAME OF SEAS-  
ON WILL BE CALLED AT 4  
O'CLOCK THIS AFTERNOON.

Armless Baseball Player Will Also  
Give Exhibition of Batting, Throw-  
ing and Catching.

Just a week from today the Navigators  
will start the 1916 season against the  
Panthers at Fort Worth. The last op-  
portunity Waco fans will have to see  
them in action before the curtain rolls  
up on the big show will be this after-  
noon. The Chinese team from Honolulu  
will appear against the local lads and  
an interesting exhibition should be af-  
forded.

The game will be called at 4 o'clock  
instead of at 3:30, as were the other ex-  
hibition games. This is to enable the  
Baylor students time to get to the park  
and see the contest. The Hardyites are  
in first class condition and a good chance  
will be given to see what they look  
like before they start off on their journey.  
About all the Chinese boys seem to do  
is to play baseball. They have been beat-  
ing almost every team they have run up  
against and have made some remarkable  
records against strong college aggrega-  
tions. A peculiar feature of the team is  
that they carry no lofers—everybody  
works. For instance, most any of them  
can play any position, and it is said they  
leave Honolulu with but ten men and  
cover the greater part of the United  
States without missing a game. If one  
of the pitchers gets hurt, the other one  
is relieved every other day by the catcher  
or first baseman or some other player,  
while the pitcher rests his arm by catch-  
ing or pitching or playing some other  
position. They had an off day yesterday  
and the chances are they'll be able to  
put up a fast game today.

The Chinese line-up is as follows: J.  
Chin, catcher; Ayau, shortstop; Lai, third  
base; Tim, center field; Inman, right  
field; Yen Chin, left field; Doto, first  
base; Ako, second base; Snan and Opau,  
pitchers. Manager Hardy had not de-  
termined last night what pitcher he would  
use.

An exhibition of batting, catching and  
throwing the ball will be given at Katy  
park just before the game by Frank Mc-  
Keown, an armless man, who plays ball  
without hands. He is not with the Chi-  
nese team, but is giving exhibitions over  
the country and happened to be here on  
the same date.

## Trinity Evens Up With T. C. U. Team.

Special to the Morning News.  
Waco, April 4.—Trinity came  
back strong with T. C. U. in a second  
game here today and defeated them 8 to  
5. Johnson was the first to draw blood  
for Trinity when he hit for two bases in  
the first inning.  
Sealer pitched a great game, holding  
the visitors to 2 hits and securing seven  
strikeouts. Vaughan for T. C. U. was  
easy for Trinity, allowing eleven hits and  
securing the same number of strikeouts.

## NEGRO SAYS KILLED TO DEFEND DAUGHTER

DAN FOSTER UNDER ARREST AT  
MARLIN CHARGED WITH  
MURDER OF COUSIN.

Opposition to Bonds Develops—School  
Board Takes Oaths—Fair Grounds  
Sold.

Special to the Morning News.  
Marlin, April 4.—Dan Foster, a ne-  
gro tenant on the Rice farm, was  
lodged in the Falls county jail last  
night, charged with the murder of his  
cousin, Robert Naylor, last night. He  
states he came home after hunting a  
rabbit and found Naylor fighting his  
daughter and that he killed him in the  
scuffle that ensued.

Unusual interest centered in the  
election held today, as in addition to  
the election without opposition of city  
officials, two bond issues for the pur-  
pose of erecting a new pavilion over the  
hot wells, and one for \$12,500, for the  
purpose of erecting a city hall. Owing to  
the existence of \$120,000 in bonds al-  
ready voted, which have not been sold,  
and the question as to whether there  
is any more bonding capacity, strong  
opposition developed yesterday and the  
issue was contested.

At the meeting of the Marlin school  
board last night the votes cast in the  
election Saturday were canvassed and  
the election of Judge W. E. Hunnicutt,  
Tom Connolly, T. A. Cheeves and R. E.  
L. Tomlinson declared. After taking  
oath of office, Judge Hunnicutt was  
re-elected president of the board and  
W. T. Goode, re-elected secretary.

At public auction today, J. P. Gar-  
dner, as trustee, sold the property  
known as the Falls county fair  
grounds, embracing thirty-eight acres,  
stables, houses and race track, for \$3-  
000 to satisfy a claim of \$11,687 held  
by the American Indemnity company  
of Galveston. The property was bid in  
by Frank Olcott, an attorney for that  
company.

## Eddy Man Running for Weigher.

Special to the Morning News.  
Eddy, April 4.—J. M. Harding, one of  
the best known young men of the Eddy  
section, yesterday announced his can-  
didacy for the nomination of public  
weigher for the Eddy precinct. This  
makes three candidates. The election  
is Saturday, May 7, 1916.

## Committee Simply Wishes to Follow Law, Says Waples.

By the Associated Press.  
Fort Worth, April 4.—Chairman Paul  
Waples of the state democratic ex-  
ecutive committee issued a statement  
today in which he declared that the  
purpose of the adjourned meeting of  
the committee at Hillsboro, April 7,  
was merely for a further discussion  
of the senatorial primary law, the con-  
stitutionality of which has been ques-  
tioned.

The statement was issued in reply  
to a published interview with Gov-  
ernor Ferguson on the question, and  
follows:  
"I see through the morning papers  
that Governor Ferguson is very much  
agitated about the results of the meet-  
ing of the democratic executive com-  
mittee to be held at Hillsboro on the  
seventh instant, and I am very glad  
to note that he will be present on that  
occasion.

In advance, I should like to assure  
him that there is no disposition on the  
part of the committee to do otherwise  
than to follow the law, and in order  
to be sure that we were right, we called  
this second meeting, that all inter-  
ested parties could be heard and a  
proper and correct decision could be  
reached. I do not think the governor  
means to reflect upon either the in-  
tegrity or democracy of any of the  
committee, although his article would  
indicate such a conclusion. I feel per-  
fectly safe in saying that not a single  
member of the committee desires to  
do anything but what is for the in-  
terest of the democratic party of the  
state.

"The trouble is to ascertain just  
what we should do under the law. We  
have, of course, now heard from the  
legislative and executive departments  
of the government on this question;  
but, unfortunately, have not had the  
opinion of the judicial, except insofar  
as the supreme court has expressed  
itself on the presidential preferential

#### "The Raiders."

Love and romance and suspense and  
humor, the four things most liked in a  
story or play, are found in abundance  
in "The Raiders," the new Ince-Kay-  
Bee drama, starring the popular favor-  
ite, H. B. Warner, and showing at the  
Hippodrome today only. H. B. War-  
ner as the original "Alias Jimmie Val-  
entine" on the stage has for many  
seasons been one of the most univer-  
sally liked actors in the profession.  
"The Raiders" is his first picture, and  
the role of the junior clerk in a bro-  
kerage firm in New York is splendidly  
suited to his talents and appearance.  
Dorothy Dalton plays with Mr. War-  
ner, taking the part of the daughter of  
the railroad magnate. Miss Dalton  
will be remembered for her beautiful  
portrayal of the queen in "D'Artagnan"  
and as the faithful wife of "The Dis-  
ciple." Henry Belmar gives a digni-  
fied impersonation of the old magnate,  
Robert McKim is the traitor, Burnes  
and J. Barney Sherry, the splendid  
character actor, has the role of Dr.  
Hartman. Young George Elwell does  
some fine work as the office boy and  
affords much delightful comedy.

Scott Wells, the junior clerk of the  
brokerage firm, is compelled to take  
orders from everybody in the concern,  
but the office boy. And in a very hu-  
man passion Scott takes pleasure in  
commanding the same boy to empty  
the wastebasket every afternoon. One  
day in the corridor of the offices Scott  
meets David Haldeman and his daugh-  
ter, Dorothy, and from that instant he  
is a worshiper from afar. Some time  
later Haldeman is forced to go on a

## Marlin Votes Down Both Bond Issues.

Special to the Morning News.  
Marlin, April 4.—The city election  
resulted in the defeat of both city hall  
and hot wells pavilion issues by ma-  
jorities of 37 and 31 votes, respect-  
ively. The city official ticket re-  
ceived a practically unanimous vote,  
the only new officers elected being L.

## Philharmonic Concertmeister Plays on a Gobetti Violin

Maximilian Pilzer, Concertmeister  
of the New York Philharmonic,  
and his Gobetti Violin.

That considerable sentiment at-  
taches to the ownership of a violin  
from the hands of one of the old mas-  
ters of instruments was made plain  
by the discovery made by Maximilian Pilzer,  
the youthful concertmeister of New  
York Philharmonic Orchestra, soon to  
be heard here, when he was negotiat-  
ing for the Gobetti instrument which  
he now owns and plays at the Phil-  
harmonic concert.

Pilzer was a pupil of Joachim, and  
it was with the assistance of that  
celebrated teacher the Gobetti was  
secured. The violin had been a heir-  
loom in the family of the person who  
owned it before Pilzer. When he  
heard there was such an instrument  
on sale an offer was made for it by the  
New York musician, who was then  
hailed as a boy prodigy in musical  
circles.

The owner of the Gobetti said that  
while he was offering the violin for  
sale he would not allow it to pass

from his hands unless the prospective  
owner proved his ability to play the  
instrument, and pledged himself that  
when it left his ownership, if it ever  
did, it would go only into the hands  
of a musician who would bring credit  
to it.

Joseph Joachim answered for his  
young pupil, and when the owner  
heard Pilzer play on it he agreed  
with the celebrated teacher that the  
instrument was in worthy hands.

The violin was built in 1710, in Ven-  
etia, by the Italian master, Francesco  
Gobetti, and it bears a remarkable re-  
semblance to the violins of Antonio  
Stradivari, whose pupil Gobetti is said  
to have been. It is perfectly pre-  
served; the wood grain is very hand-  
some, and the varnish, which is  
transparent, is pale red. Its tone is  
powerful, of great carrying capacity,  
and the quality is singularly sweet.

A value of \$5,000 has been placed on  
the instrument by reliable judges.

CAST.  
Mr. Carter, ..... Edward Earle  
Ruth Travers, ..... Viola Dana  
Mortimer Reynolds, ..... Augustus Phillips  
Edna Morris, ..... L. Daxell  
Toko, ..... T. Tamamoto

Jimmy Carter, a millionaire, leading  
an idle, indulgent life, gets an urgent  
message from his friend, Reginald  
Travers, who is dying. Reginald  
has been ruined in the stock market by  
Mortimer Reynolds, and penniless, he  
leaves his little daughter in care of  
Carter, who promises faithfully to look  
after her. After the death of Travers,  
Carter takes Ruth to his luxurious  
home and gives her to the motherly  
care of Mrs. Jenkins, his housekeeper.

Mortimer Reynolds, anxious to add  
Ruth to his list of unfortunate, in-  
structs his mistress, Edna Morris, to  
make her acquaintance and to gain her  
confidence. Carter and Reynolds  
become bitter enemies because of Re-  
ynolds' sarcastic reflections on the re-  
lationship between Carter and Ruth.  
As time passes, Ruth, by her win-  
some and innocent, gradually  
changes Carter's mode of life. He no  
longer feels an interest in the gay life  
of former days, and even loses his  
taste for the morning rips. Uncon-  
sciously, Ruth is transforming his  
sympathetic, dutiful interest in her to  
love. In a moment of ecstasy he  
crushes her in his arms. And the plot  
develops.

"The Innocence of Ruth" with Viola  
Dana can be seen at the Rex theatre  
tomorrow and Thursday. The Bray  
cartoon comedy, "Miss Nanny Goat  
Becomes an Aviator," an excruciat-  
ingly funny comedy, will also be shown.

Eleanore Cochran, Soprano,  
Miss Eleanore Cochran is one of the  
American singers who were better  
known in Europe than they were in  
their native land until the unstable  
conditions of the continental war drove  
them back to their native land. She  
is a Pittsburgh girl and received her  
early education in a convent in that  
city. Her musical talent and the great  
possibilities of her voice attracted at-  
tention in her childhood.

In addition to her vocal training,  
Miss Cochran studied an extensive  
repertoire of lyric and dramatic roles  
comprising thirty-five operas under  
Theodore Hableman, former stage  
manager of the Metropolitan Opera  
company, and Walter Kieseewetter.

Further studies under Jessy de Reszke  
in Paris and the late Frank King  
Clark in Berlin fitted her for the em-  
inent place she is now occupying in  
the American concert world.

Miss Cochran is a soloist and a  
member of the quartet which will  
appear with the New York Philhar-  
monic orchestra at its concert here

# CASH-PAID-MONEY

## AN APPRECIATION OF THE "KNEE-HIGH" CUSTOMER WHOSE WORD IS THE LAW.

It is with much pride and pleasure that we call attention to the significant fact that we enjoy the largest patronage of children of any grocery business in Texas. Significant because the "knee-high" customers are the most exacting and the hardest to please. Significant because they are neither influenced by advertised claims, salesmanship, nor sentiment. They are keen-witted traders, they are close observers, they know what they want and will have nothing else. They appreciate quality and insist upon quantity, and quickly resent any but the very best treatment. We appreciate their trade for the compliment it pays to our goods and service, but above all it pleases us to feel that we, perhaps, merit the confidence of so many parents.

Aside from other considerations, such as exercising strict supervision over men chosen from a long waiting list of applicants for their high moral character, we have tried to scrupulously avoid every influence but the best around our stores. We permit no undue familiarity, no smoking, no profanity, no scuffling, no loafing, no late hours. We handle no rum in any form. Our men are instructed to give children every possible consideration and attention, serving them in their turn with patience and courtesy, and giving them the same square deal on even a penny's worth, as would be given the most experienced housekeeper buying a large bill.

We hope ever to remain a strong factor in the upbuilding of Waco, to keep right on "growing up" with the children, and to have and to hold both their friendship and the confidence of their fathers and mothers. If kind treatment, honest methods, carefully selected goods and low prices, if deep appreciation and stores conducted on a high moral plane, if lessons in economy and good values means as much to the children and their parents as it has always meant, the future holds promise of much prosperity for us both.

## ELBERT HUBBARD

The "Sage of East Aurora" is dead. All that was mortal went down with the Lusitania. But The Fra will live ever in the minds of those who appreciated his keen intellect, broad, wholesome philosophy and cheerful optimism. When asked his opinion of cash chain stores and their methods and policies, he made this significant and characteristic remark: "Their ideas are good, their principles sound, they seem to have grasped fully the fact, that the greatest institutions are those conferring the greatest benefits to humanity, and by the measure of this human-service will they be paid." Thus spoke a recognized authority on economy.

## BUILDING INSPECTOR SEES BRIGHT OUTLOOK FOR NEW STRUCTURES

Building Inspector S. P. Herbert has issued a permit and work begins immediately on the big two-story ten-apartment house of Wilbur F. Crawford at the southwest corner of Austin and Twentieth streets, the contractors being Bruyere & Ripley. The cost of the structure, which will be a handsome stucco effect, was placed in the building permit at \$25,000, and the apartment house will be strictly modern, as has been shown previously. It will be pushed to completion in the next few months.

A permit has also been taken out by H. Novich for a seven-room dwelling at Sixteenth and Vermont streets, to cost \$4,000. It will therefore be seen that April has started off well in the improvement line, as some smaller permits have also been taken out. Speaking of the outlook yesterday, Building Inspector Herbert said:

"It is looking good for construction work in Waco, and the number of plumbers' permits taken out recently bears out this view. If signs do not fail, we are going to have a lot of building in the city, and, in fact, much is already under way."

## Home Celebration of Wonder Interest

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of expectancy, there is a splendid remedy known as "Mother's Friend" that does wonders. It is for external use, relieves the pains of muscle expansion, soothes and quiets the nerves, extends its influence to the internal organs and removes to a great extent the tendency to worry and apprehension. It is a natural treatment, safe for the mother, has no drug effect whatsoever and for this reason must exert a most beneficial influence upon those functions directly connected with motherhood. In a very interesting book the subject is freely discussed and a copy will be mailed free to all expectant mothers by Bradfield Regulator Co., 406 Lamar Bldg., Atlanta, Ga. Get a bottle of "Mother's Friend" today and you will then know why mothers for nearly half a century have used and recommended this splendid aid to motherhood. Their letters are messages of cheer, that breathe comfort in every word.

noon at a meeting of the Parent-Teachers' club of the East Waco school. It was the opinion of the members of the organization that this ordinance should be passed if the city beautiful plan of the Rotary club was to reap its greatest results.

The club will co-operate with the Rotary club in beautifying the city. Ways and means of getting funds to furnish the school with playground equipment was discussed by the club. Already the club is serving lunches to the students to help raise money for this project, and other means of raising funds will be inaugurated later on.

Professor W. R. Marrs gave an interesting talk, telling what the school would do to encourage the agricultural interests of the boys. He said the sixth grade boys would make practical demonstrations on the ground secured to plant school gardens on, which is located near the school.

The club was entertained by students of the school, who rendered several songs, readings and demonstrated work of the school. It was decided to have a program at the next and last meeting of the club for this term, which will include musical numbers of other entertaining features.

## Glass Department Is Added to Industries.

Still another institution has been added to the list of Waco's activities industrially, and the new one is a plant for beveling and polishing plate glass, also an art glass department which will make all kinds of art glass from church windows on through the list.

The plant in question has been added by the Waco Sash and Door factory at its headquarters at Twenty-fourth and Mary streets, and it will require several men to handle the business even from the first.

The plant has been under consideration for some little time, and is now an accomplished fact.

Friends Solicitous About Col. C. A. Lyon.

Nothing disquieting rumors in the morning press yesterday regarding the condition of Hon. Cecil A. Lyon of Sherman, who was national committeeman from Texas of the progressive party before the harmony meetings in Texas of the progressives and republicans began to bear fruit, efforts were made yesterday afternoon by friends here of the Sherman gentleman to get in telephone connection with his residence, but the efforts failed because of the condition of wires somewhere on the route, due to the stormy conditions of a few days ago.

There was much anxiety displayed by friends regarding his condition, and the hope was everywhere expressed that he would rally and soon that more encouraging word would be received regarding his chances of recovery.

## CITY NEWS BRIEFS

Attractive coats of paint are being placed on many residences, outbuildings, awnings and fences in the city, and this adds much to the appearance of the residence section.

Waco Pressmen's Union No. 88 has chosen its delegate to the meeting of the State Federation of Labor in Houston the last of this month in the person of John R. Spencer Jr.

It was stated again yesterday that the crowd in Waco Monday was one of the largest seen here in some time. In East Waco the streets were crowded just before the West Side and business seemed brisk.

A force of workmen is still engaged in the task of setting to rights the newly acquired C. M. Seely park at Eighteenth and Boque streets. The park, when completed, will be one of the beauty spots of that section of Waco.

There was a meeting Monday night of the missionary committee of the Austin Avenue Methodist church, of which F. A. Winchell is the chairman, and this committee will push its work actively from now on. It is an important arm of the church.

A letter has been received by Assistant City Engineer Agent Mart Schaefer of the Katy railroad here from Bastrop in which it is stated that no rain had fallen in Bastrop up to Sunday, when the letter was written. The rain seems to have been general over nearly the whole state, with the exception of a few spots in South Texas.

John K. Stracker, who is in charge of Dr. S. P. Brooke's campaign for the senate, has received word that a Brooks club has been organized at Robstown, Nueces county. L. L. Leggett is president of the new club and A. F. Johnson secretary. A committee has been named to

arrange for the reception of Dr. Brooks when he speaks at Robstown April 18.

More new fronts are going into business buildings in the city, and the general appearance of the business section is being decidedly improved. It would appear that all the business buildings in the city either will be made over or new ones erected, judging by the condition which has prevailed for the past few years.

Arrangements are under way for a gathering of about 500 Scandinavians of Waco and surrounding communities which will be held here soon. At the regular monthly meeting of the Scandinavian M. R. P. society Monday night, President Gus J. Olson appointed a committee consisting of C. W. Carlson, A. H. B. Cornelsen and S. B. Carlson to arrange for the gathering.

Health Commissioner W. H. Cockcroft is anxious to see a general clean-up movement in the city after the recent rains, believing that this will have a wholesome effect on health conditions. Especially is he anxious to have the points where water accumulated properly looked after, so that stagnant water will not accumulate anywhere in the city limits. The weeds will begin to grow like magic now, and it will require extra efforts to keep them in good condition from this time on, it is declared.

A steam valve on the engine of the south-bound International & Great Northern train burst at the passenger station at Fourth and Mary streets about 11 o'clock yesterday while the passengers were getting off the train during its stop here. The escaping steam, made such a hissing and it was so difficult to stop it that some of the passengers thought something very serious had happened. It was necessary to telegraph to Mart for another engine to take the train out. No damage was done.

## Great Interest Shown in Fifth St. Revival.

Fifth Street Methodist church promises a welcome and real evangelistic preaching to all who attend: The pastor, Rev. Jno. R. Morris, is doing the preaching.

Yesterday morning there were fifty-five present, and a soul-stirring service. Scarcely a dry eye was in the house at the close of the service. Billy Lewis, the engineer, sang "Never Alone," and will sing again tonight.

A platform for "Sunbeam Singers" was built yesterday and invitations to the children will be sent out by the Sunday school superintendent.

Rev. Mr. Morris came with a great sermon again last night.

Choir and audience are doing great work in song, but expect to do still better.

Rev. W. M. Bowden, singer-evangelist, is leading the song service. He has been a pastor nine years, having served Clay Street Methodist of this city one year.

## SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get about two ounces of plain powdered norexin from any drugstore—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared.

Big black heads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions of the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The powdered norexin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

## Meeting Today of Evangelia Board.

The regular monthly meeting of the board of directors of the Evangelia Settlement will be held this morning at the Settlement home, on South Twelfth street. Regular business will come before the board and the clinic which was recently opened at the home will probably be discussed. In the absence of the president of the board, Mrs. R. G. Patton, who is out of the state, Mrs. Lilly Donnell Strain will preside.

## Anti-Movie Mass Meeting Postponed Week From Sunday.

Owing to the fact that arrangements had already been made for holding the great mass meeting next Sunday afternoon for the proposed institution of the V. W. C. A. work in Waco, the mass meeting which had been proposed by the anti-Sunday moving picture show opening people for next Sunday, has been postponed until the following Sunday.

Dr. A. J. Barton, superintendent of the Anti-Saloon League of Texas, and counted as one of the strong speakers in Texas, has agreed to address the meeting Sunday afternoon next of those who are opposed to the Sunday opening of the picture shows.

Later announcement will be made as to the place where the mass meeting for getting out the biggest crowd ever gotten out in Waco for a similar gathering are under way. The mass meeting will be for men, women and children and the public generally.

## ARMY RECRUITING STATIONS TO KEEP OPEN ON SUNDAYS

Information was received yesterday by Sergeant Wisener of the local army recruiting station over the Central Texas Exchange National bank to keep the station open from 7:30 a. m. to 6:30 p. m. on week days and from 8 a. m. to 5 p. m. on Sundays. Orders of this nature were sent to every recruiting station in the United States. Sergeant Wisener said this was the first time he had ever known recruiting stations to remain open on Sunday, and that the rule was probably passed to secure the additional twenty-five thousand men for the United States army as soon as possible.

Five new men for various branches of the United States army have just been sent off by Sergeant W. B. Wisener, and other applications are coming in right along.

Of the five men who have just been assigned, two went to the coast artillery, two to the infantry and one to the cavalry branch of the service, and some good specimens of physical manhood were among the lot.

Sergeant Wisener feels well pleased with what he has done since the office was opened here a short time ago.

## SELEY AND QUARLES GO TO HOUSTON FOR BRAZOS COM. MEET

W. W. Seley James Hays Quarles and possibly others will go to Houston tonight for the purpose of attending a meeting there tomorrow of the executive committee of the Brazos River and Valley Improvement association, a call having been issued by President Seley for the meeting.

The object of the meeting is to arrange for the coming visit to Texas of the congressional committee on flood prevention, and the itinerary of the congressional committee will be arranged at the Houston meeting, which will be held at the Rice hotel.

A telegram was received yesterday by President W. W. Seley from Congressman Jeff. McMurry, Washington, D. C., stating that while the definite date of the visit to Texas of the congressional investigating committee had not been fixed, yet it was known that it would be some time the latter part of this month, and that the definite date would be wired just as soon as possible.

A thorough examination is to be made of the Brazos river and other streams by the committee, but of course the Brazos organization is especially interested in the study which will be made of this stream.

## City Appointments Will Soon Be Made; Many Applicants.

The appointments to places in the various departments of the city will probably be made on April 15, or very soon thereafter, at any rate, and quite a number of applicants are anxiously awaiting their fate in this connection.

The appointments are to be made by the department of the city engineer, street commissioner, health commissioner, city electrician and possibly one or two other departments of the city.

Quite a number are applying for places in the various departments, and the applicants will doubtless have only a short time to wait now, as the time for action has nearly arrived.

## Preliminary Trial of Youth Is Held.

A preliminary hearing was had yesterday morning before United States Commissioner A. P. McCormick in which Jesse Underwood, a white boy, who claims to be 16 years old, was charged with robbing the postoffice at China Springs.

The defendant was granted bond in the sum of \$750, a stippling that he was guilty in the hearing held. He was arrested near China Springs by Deputy Sheriff Lee Jenkins and Barney Goldberg.

The boy was out on a bond of \$500 on a charge of horse theft, preferred in Justice J. J. Padgett's court last month.

## Beautiful Yard While Taking the Vacation.

While enjoying his annual vacation, J. McCune of 1007 South Fourth street will still further beautify his pretty, two-story home. Mr. McCune, who has been a clerk in the Waco postoffice for many years, has always taken a profound interest in flowers and shrubs, a view which is fully shared by his wife, hence they never fail to have one of the most attractive flower yards in South Waco, and attention is always focused on their place when the esthetically inclined are in their section.

## Frost Nipped Plants in the Low Sections.

While there have not been real frosts in this section as a result of the cold snap just passing, yet the mornings have been quite cool for the last few days, and vegetation in the low places has been nipped by the drop in the mercury. Gardens had been held back by the drouth, but now will be pushed unless caught by another cold snap in Easterly.

## We Announce Our Easter Millinery Opening

For Today, Thursday, Friday and Saturday

April 5th, 6th, 7th and 8th

OUR Formal Easter Millinery Opening takes place today, Thursday, Friday and Saturday. We invite you to visit our Millinery Department and critically inspect our large and comprehensive exhibit of the most authentic styles and fashions in Millinery.

IN order that this Formal Easter Opening might present the newest and latest creations fresh from the hands of the foremost designers of fashion, our Millinery buyer made a special visit to the leading Fashion Centers to make personal selection of the newest and best that these worthy style sources offered.

ONCE you see our immense displays, assembled for this special occasion, you will agree that nothing has been omitted that would tend to make the Easter Exhibit complete. To attempt detailed description of styles, trimming effects or shades would be to fail, for words or picture cannot portray the wondrous beauty, the remarkable originality, or the distinctiveness that distinguishes this great exhibition of hats as the most complete and authentic assemblage of Easter Millinery that has ever been displayed in this section.

OUT of all of the hundreds of hats that are gathered here from every worthy source, there are no two hats alike, no two hats that are similar. Our hats are exclusive in style in every detail. There is no such thing as not being able to find a becoming hat at Sanger's.

WE INVITE YOU TO ATTEND OUR FORMAL EASTER MILLINERY OPENING, TO INSPECT AT YOUR LEISURE OUR GREATER DISPLAYS OF THE LAST-MINUTE CREATIONS.

## Rag Pickers Are Developing Into the Gold Miner Class; Waco's Sales Are \$140,000

Surely it is not disreputable or even undesirable to wear ragged clothes any longer, and surely, also, the business of the ragman has become a dignified and profitable one, while a market has been opened up for articles which formerly went into the waste can or the heaped-up pile in the back yard for the purpose of destroying and ridding the premises of an accumulation of rags and old clothes considered unfit for anything or anybody.

Waco rag dealers last month sold and shipped out, according to reliable figures, 103 cars of rags, which brought the neat little sum of \$140,000 for pocket change for the persons who did own the rags prior to March 1, and according to the same source of information the rag sales in Texas during March footed up the stupendous total of \$1,400,000. This, too, for a product which is scarcely anything because the people have not been educated up to the value of plain, ordinary rags.

### RAGS ARE BEING MADE INTO MUNITIONS.

Waco rags, in common with the rags from hundreds of other places, are being made into explosives, so it is stated, because they are cheaper than the cotton lint, and yet there has been good sale for the lint, also, so great has been the demand. Men and boys are securing the country in all the counties of Central Texas and buying up rags, and Mr. Hilburn of Waco, while in Temple recently, saw a string of rags lined up waiting to get a chance to unload into the cars which were to convey the rags to points where they would be used in making powder or paper.

A newspaper notice which was given out by Secretary E. F. Drake of the Chamber of Commerce several weeks ago, calling attention to a letter which the organization had received from the secretary of commerce of the United States in which the people were urged to save and sell their rags for the purpose of making paper, served to stimulate the rag business, which had already taken on considerable proportions, until now it is a big and growing proposition, making the Waco rag-bag feel and look like a different matter from what it was a year or two ago.

SECRETARY DRAKE thinks that the money secured from the rags is a clear pick-up, in a sense, as the people had not been accustomed to this source of revenue, and it will also be an educator of the people as to the value there is in small matters, even in cast-off clothing and just ordinary scraps of cloth. While a good deal of the rag product may be used for explosives, as is stated, still much of it probably goes for manufacturing paper, as there is a scarcity of material for paper making in the United States, as has been strongly emphasized.

### A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

### SENTIMENT STRONGLY ATTACHED TO OLD CHURCH.

There is more or less sentiment attached to the destruction of the old Baptist church, as it has been there practically ever since McGregor went on the map, and within its walls have been performed many ceremonies uniting the lives of the men and women of that city and section; there have been sung the songs of Zion and there pre-

sented the claims of the lowly Nazarene upon the hearts and lives of men; and from its portals have been borne the lifeless clay of what was once the quick and the sentient, followed by the last resting place. Therefore, while progress and utility are crying

Mr. McInerney, who has been a clerk in the Waco postoffice for many years, has always taken a profound interest in flowers and shrubs, a view which is fully shared by his wife, hence they never fail to have one of the most attractive flower yards in South Waco, and attention is always focused on their place when the esthetically inclined are in their section.

## Frost Nipped Plants in the Low Sections.

While there have not been real frosts in this section as a result of the cold snap just passing, yet the mornings have been quite cool for the last few days, and vegetation in the low places has been nipped by the drop in the mercury. Gardens had been held back by the drought, but now will be pushed unless caught by another cold snap in Easter tide.

## We Announce Our Easter Millinery Opening

For Today, Thursday, Friday and Saturday

April 5th, 6th, 7th and 8th

OUR Formal Easter Millinery Opening takes place today, Thursday, Friday and Saturday. We invite you to visit our Millinery Department and critically inspect our large and comprehensive exhibit of the most authentic styles and fashions in Millinery.

IN order that this Formal Easter Opening might present the newest and latest creations fresh from the hands of the foremost designers of fashion, our Millinery buyer made a special visit to the leading Fashion Centers to make personal selection of the newest and best that these worthy style sources offered.

ONCE you see our immense displays, assembled for this special occasion, you will agree that nothing has been omitted that would tend to make the Easter Exhibit complete. To attempt detailed description of styles, trimming effects or shades would be to fail, for words or picture cannot portray the wondrous beauty, the remarkable originality, or the distinctiveness that distinguishes this great exhibition of hats as the most complete and authentic assemblage of Easter Millinery that has ever been displayed in this section.

OUT of all of the hundreds of hats that are gathered here from every worthy source, there are no two hats alike, no two hats that are similar. Our hats are exclusive in style in every detail. There is no such thing as not being able to find a becoming hat at Sanger's.

WE INVITE YOU TO ATTEND OUR FORMAL EASTER MILLINERY OPENING, TO INSPECT AT YOUR LEISURE OUR GREATER DISPLAYS OF THE LAST-MINUTE CREATIONS.

## Rag Pickers Are Developing Into the Gold Miner Class; Waco's Sales Are \$140,000

Surely it is not disreputable or even undesirable to wear ragged clothes any longer, and surely, also, the business of the ragman has become a dignified and profitable one, while a market has been opened up for articles which formerly went into the waste can or the back yard.

Waco rag dealers last month sold and shipped out, according to reliable figures, 103 cars of rags, which brought the neat little sum of \$140,000 for pocket change for the persons who did own the rags prior to March 1; and according to the same source of information the rag sales in Texas during March footed up the stupendous total of \$1,400,000. This, too, for a product which in past years has counted for practically nothing because the people had not been educated up to the value of plain, ordinary rags.

Waco rags, in common with the rags from hundreds of other places, are being made into explosives, so it is stated, because they are cheaper than the cotton lint, and yet there has been good sale for the lint, also, so great has been the demand. Men and boys are scouring the country in all the counties of Central Texas and buying up rags, and Mr. Hilburn of Waco, while in Temple recently, saw a string of rags and wagons more than a block long, lined up waiting to get a chance to unload into the cars which were to convey the rags to points where they would be used in making powder or paper.

A newspaper notice which was given out by the Secretary E. F. Drake of the Chamber of Commerce several weeks ago, calling attention to a letter which the organization had received from the secretary of commerce of the United States in which the people were urged to save and sell their rags for the purpose of making print paper, served to stimulate the rag business, which had already taken on considerable proportions, until now it is a big and growing proposition, making the Waco rag-bag feel and look like a different matter from what it was a year or two ago.

**RAG SALES ARE HEIGHT OF ECONOMY.**  
Secretary Drake thinks that the money secured from the rags is a clear pick-up, in a sense, as the people had not been accustomed to this source of revenue, and it will also be an educator of the people as to the value there is in small matters, even in cast-off clothing and just ordinary scraps of cloth. While a good deal of the rag product may be used for explosives, as is stated, still much of it probably goes for manufacturing paper, as there is a scarcity of material for paper making in the United States, as has been strongly emphasized.

## Community Sentiment Clings to Old Edifice at McGregor

For the purpose of demolishing the Baptist church which has been in service in McGregor for the past quarter of a century and more, and which has recently been supplanted by a new and more pretentious and commodious structure, Charles Walsh, a contractor of Waco, left yesterday for McGregor, and will tear down the old building.

The material of the old church will be used by the owners of the building in the erection of large barns and for other similar purposes. Joe Cavitt, a well known citizen of McGregor, bought the old church building, while the lots on which it stood were bought by Glenn Crain, another long-time and prominent citizen of the town.

Contractor Walsh will have charge of the work of demolition of the old church and will also superintend the construction of the large barns which are to be erected by Mr. Cavitt. He will also remodel the residence of Mr. Cavitt while in McGregor.

## A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
